Background

In 2011, the PEI School Athletic Association (herein referred to as the “PEISAA”) celebrated 50 years of service to Island schools and students. From 1961-1999, the PEISAA was an informal, self-governed, organization of educators who had undertaken the task of governing school sports in Prince Edward Island. As a member of the Canadian School Sport Federation, and an affiliate with the National Federation of State High School Athletic Associations, the PEISAA has consistently provided leadership and functioned as an alliance with member schools, Provincial school boards, the Department of Education, Early Learning and Culture, and other community and sport organizations and businesses. In 2010, the PEISAA was realigned within the Government of Prince Edward Island through the Department of Education, Early Learning and Culture. The functions and responsibilities of the PEISAA did not change but the governance, organizational, and financial structures shifted. The PEISAA was “designated as the body responsible to administer school sport in the province of Prince Edward Island according to the rules and expectations of the Department of Education, Early Learning and Culture and the provincial school boards, under the auspices of the *School Act*,” R.S.P.E.I. 1988, Cap. S-2.1. In 2016, this legislation was changed to the *Education Act*, R.S.P.E.I. 1988, Cap.E-02. In addition to the outlined role of the PEISAA, the governance authority, educational value of school athletics and the major responsibilities of PEISAA were outlined in the Ministers Directive 2010 (Appendix A). A new set of rules governing the operation of the PEISAA were also developed outlining the executive, participants, administration and consultation (see Administrative Regulations Section).

The PEISAA coordinates and administers school sport in Prince Edward Island. It does this through selected and appointed members to the executive and a paid employee of the Department of Education, Early Learning and Culture (known herein as the School Sport Coordinator). All members of the Executive must be employees of the Department or of the Education Authorities. Member schools of the PEISAA are able to affect change by bringing their concerns and recommendations forward to the executive, who lead a consultative process with Education Authorities (Public Schools Branch and Commission scolaire de langue française) and the Department in addressing issues and changes to the PEISAA programming and its roles and responsibilities.

Purpose

The attached policies support administrative and educational services of the PEISAA and identify the sport programs and initiatives, including corresponding guidelines and rules, available to schools and students across the Province. These policies align with Provincial Acts and Regulations and Ministerial Directives:

Education Act

Home Education Regulations, Section 107 of the *Education Act*
 Education Authority Regulations, Section 107 of the *Education Act*
 Students and Parents Regulations, Section 107 of the *Education Act*
 Student Transportation Regulations, Section 107 of the *Education Act*
 School Calendar Regulations, Section 107 of the *Education Act*
 School Calendar Ministers Directive
 School Closure Regulations, Section 107 of the *Education Act*
 School Authority Policies (various)

The PEISAA recognizes its responsibility under the PEI *Human Rights Act* to ensure that all students, staff coaches, managers, trainers or other persons affiliated with the PEISAA have the right to participate in PEISAA activities without discrimination on the basis of age, color, creed, disability, ethnicity or national origin, family status, gender expression, gender identity, marital status, political belief, race, religion, sex, sexual orientation or source of income.

Department and Education Authority policies have a significant role in governing expectations and responsibilities for school sport in the province. Member schools are expected to offer programs so students have appropriate opportunities for sport participation. Participation and behaviour of students in sport programs is governed by “*Safe and Caring Learning Environment*” policy of the Public Schools Branch (PSB) and “*Milieu scolaire exempt d’intimidation*” policy of La Commission scolaire de langue française (CSLF). While the PEISAA does not currently have a policy on hazing or initiations it views both activities as humiliating and dangerous. Initiation and hazing activities will not be tolerated by students or schools. Any incidents observed at a PEISAA school sanctioned event will be brought to the member school and the education authority for further action.

Member schools are expected to follow the Physical Education Safety Guidelines adopted by the Department in 2010 and applicable health and safety, insurance and risk management requirements. The programs and activities administered by the PEISAA are sanctioned events of the Department, education authorities and member schools. Therefore, it is the responsibility of school principals and teachers “*to maintain proper order and discipline in the school, on the school premises, and during activities sponsored or approved by the Education Authority*”. Education Authority policies further emphasize that “*students must be supervised during school-sponsored or Department-sponsored events by adults authorized by the Principal or designate*”. It is the responsibility of the PEISAA executive to assist in coordinating this supervision when PEISAA activity or event is not hosted at a member school.

ARTICLE I – NAME

The name of the association is Prince Edward Island School Athletic Association, hereinafter referred to as the PEISAA or the Association.

ARTICLE II – MEMBERSHIP

Participating Members

1. The membership of the Association shall be open to the following:
 - a) Schools that are part of the Public Schools Branch and La Commission Scolaire de la Langue Française of the Province of PEI.
 - b) Any independent school or private school, “registered pursuant to the *Private Schools Act* R.S.P.E.I. 1988 Cap. P-20.01”. Independent or private schools seeking membership **MUST** complete a Party Indemnification Agreement Form (available from PEISAA) and have it submitted along with PEISAA Registration Form and fees before being granted membership.

ARTICLE III – ELIGIBILITY

SECTION 1 – PERIOD of ELIGIBILITY

1. Intermediate – A student in grade 7, 8, or 9
2. Senior – Students shall be eligible for a maximum of three (3) consecutive school years from the first day of the school year when they entered grade 10.
**Note - If a grade 10 student turns 17 before September 1, they must participate in Senior for Individual events (not Juvenile). If a student turns 19 or older before September 1, they are not eligible to participate in PEISAA sanctioned activities.

SECTION 2 – STUDENT ELIGIBILITY

1. A student is eligible for play under the following rules:
 - a. The school is a member of the Prince Edward Island School Athletic Association and registered in the sport in which the student plans to compete.
 - b. For each semester, the student is enrolled in at least 70 % of a full-time course load, comprised of courses where attendance is recorded and the courses are recognized by the Department of Education, Early Learning and Culture as part of the student’s education program at the school.
 - i.) The student must provide verification of any external credit(s) that apply to their full-time course load to the school they attend. Without this, students are not considered eligible.

- c. The student must play the sport at the school which they attend when the school has a particular sport team at the student's appropriate classification. See ARTICLE V (SECTION 1) Classification of Students.
- d. The student may participate on only one interscholastic major sport team per season. The major team sports are: soccer, field hockey, volleyball, basketball, softball, flag football and rugby. All other sports shall be considered minor sports.
- e. A grade 4 student is not permitted to participate in the Novice Division. A school may apply to the PEISAA under a special circumstance when a Grade 4 student is required to fill a team such as doubles in badminton. Therefore a maximum of one (1) student per school may be approved in this situation.
- f. A grade 6 student may play for an intermediate team at their school, if approved by the principal and the PEISAA is notified through the school sport coordinator. A grade 6 student is NOT permitted to play for an intermediate team at another school.
- g. A grade 9 student enrolled in a 9-12 grade school may only participate on the school intermediate team, unless the school does not have an intermediate team. If there is no intermediate team in the school, the student is eligible to participate on the senior team, ONLY if the sport is offered at the intermediate level.
- h. The school principal may approach the executive regarding an exceptional case.
- i. A Home Education Program student may participate in an individual PEISAA sport with permission from the school sport coordinator. The parent/guardian of the home education program student acknowledges that insurance coverage is not provided and the student athlete participates at their own risk. A PEISAA release of liability form must be completed, signed, and returned to the school sport coordinator before participation can take place. Home education program students are required to pay the appropriate sport registration fees.
- j. A student's name must appear on a minimum of two (2) league games to be able to participate in a PEISAA sanctioned provincial championship. This includes all playoff games. Submission of a doctor's certificate in a case of injury or sickness will be considered by the school sport coordinator in determining eligibility.
- k. A student who has entered school after October 15 of a school year is ineligible to participate in school sport until their eligibility is approved by the school sport coordinator.
- l. In any interscholastic game the use of an ineligible player shall result in the team forfeiting the game and all points won in that game.

SECTION 3– GENDER IDENTITY

The PEISAA recognizes its obligation to respect the gender identities of all students. Gender identity is not dependent upon physical appearance or medical procedures. A student's self-identification is the sole measure of their gender identity.

- a. Any student may participate fully and safely in gender designated sport activities in accordance with their lived gender identity or preference (for non-binary and gender-fluid students).

SECTION 4 – GENDER DESIGNATED TEAMS

PEISAA encourages its member schools to offer equal programs for male and female student athletes and opportunities for students of all genders

- b. Students who identify as girls or women can play on a team designated for girls or women, and students who identify as boys or men can play on a team designated for boys or men. All genders can compete on a team designated as a "co-ed" sport, in accordance with the sport-specific roster allocations.

The only exception to this rule is students who identify as girls or women may play on a team designated for men or boys only if the school does not offer a girls' or women's team in that sport, at the appropriate classification, during the same school year. A letter from that particular student's principal confirming that a girls' or women's team will not be offered that year at the school must accompany the appropriate player registration form.

SECTION 5 – TRANSFER POLICY

- a. A student transferring to a new school (from in-province or out-of-province) must submit a transfer form (Appendix D - Pg 63) to the school sport coordinator. This form must be submitted by the incoming school and approved by the school sport coordinator before the student is eligible to participate in PEISAA events.
- b. A student who transfers to a new school after submission of the team roster shall be eligible to participate on the team provided the school sport coordinator is notified, in writing, of the addition to the team roster and this notification is received at least two (2) weeks prior to provincial championship play. To be eligible for provincial championship play the student must have participated in at least two (2) league games with the new school. The transfer eligibility form must have been completed and approved.

SECTION 6 – RECRUITMENT POLICY

Recruiting students from other schools is NOT PERMITTED in the PEISAA. Any school representative approached by a student or their family that attends another school, can only direct them to speak to the Athletic Director of their current school about the Request To Play procedure. Any Coach that participates in activity to try to convince a student athlete to circumvent PEISAA Policies to play for their team at another school, will be treated as a very serious violation of the PEISAA Policy and overall goals of school sport.

PENALTY

If the PEISAA receives a written complaint from the school the student is attending that they feel recruiting has taken place, the School Sport Coordinator will establish a Discipline Committee to investigate. The Principal and Athletic Director of the school that the Coach belongs to will be notified. The Coach will then have an opportunity to respond.

If it is deemed that recruiting has taken place, the Coach will be suspended for the remainder of the current season and not able to coach any sport in the PEISAA for the remainder of the year and one full calendar year following.

The school has the opportunity to Appeal the decision according to the PEISAA Appeal Policy.

SECTION 7 – JOINT SCHOOL TEAMS

In the effort to give more students the ability to participate, the PEISAA will consider an application for joint school teams. (See Appendix D for Joint Team application form)

- a. Application for more than one (1) school to combine, to provide team activities (volleyball, soccer, baseball, field hockey, basketball, rugby, and softball) may be made to the school sport coordinator. Such application, if approved, will only be in effect for that sport and one (1) season.
- b. Factors to be considered, but not limited to:
 - i) The ability of the school to offer this program on its own
 - ii) Geographical proximity
 - iii) Agreement to combine by affected schools athletic directors and principals
 - iv) Student population of the schools involved
 - v) Diversity factors beyond numbers
- c. Improving the quality of the team (i.e. – better win/loss record) shall not be a criterion in deciding whether approval will be granted.
- d. If approved, for insurance and travel purposes, students remain the responsibility of the school they attend.

SECTION 8 – SPECIAL CIRCUMSTANCES

- a. In the spirit of insuring equity and diversity measures are included, if a member school does not have a particular athletic program, a student from that particular member school may apply to be placed on another member school team. Application must be made to the school sport coordinator and signed by the student's principal. Application must be submitted prior to the start of the sport season. The PEISAA Eligibility Committee shall determine which member school the student will be directed to. For application, see Request to Play for Another School form (Pg. 58).

Factors that will be considered, but not limited to:

- i. The student must meet the eligibility requirements
- ii. A member school requiring additional players
- iii. Geographical proximity of the student's place of residence

* Please note: Application does not guarantee placement at another member school.

- b. Players who receive permission to play in another school's program are the administrative responsibility of the school principal offering the program while the student participates in that sport. Insurance and travel arrangements will be the responsibility of the school the student attends.
- c. Any appeal regarding eligibility may be made following the appeal process: Article XIII Protests and Appeals, Section 5 – Procedure for Appeal.

SECTION 9 – PEISAA EXECUTIVE AUTHORITY

The PEISAA executive has been given authorization by the education authorities and Department of Education, Early Learning and Culture to consider exceptions to Article III (Eligibility) of the PEISAA policies where it is considered to be in the best educational interest of the student.

ARTICLE VII – AFFILIATE PLAYERS

Affiliate players are used in emergency situations whereby a team is unable to field a team and is in jeopardy of forfeiting a regular season game. When this situation arises, the guidelines below must be followed:

- f. The student's name on a game report or appearance of the player in uniform will be considered participation whether or not the player actually takes part in the game.
- g. Exhibition games, matches, and tournaments are not included in the count of games towards an affiliate player. Player movement can only be from a lower classification to a higher classification. This movement is at the discretion of the school and can be used for development and not just emergency situations. PEISAA does not require notification in this circumstance.

ARTICLE VIII – ZONE, INTER-ZONE and PROVINCIAL PLAY**SECTION 1 – PROVINCIAL CHAMPIONSHIPS and LEAGUES**

- e. Provincial interscholastic champions shall not be declared in a sport unless there are three (3) registered schools at the time of the withdrawal deadline.
- f. The executive shall be responsible for provincial play-off format and schedules.
- g. The qualification method for provincial championships of a sport will be determined by athletic directors and commissioners at their pre-season scheduling meeting.
- h. The date and location of the provincial tournament, along with the designated meet manager, will be sent to schools by the school sport coordinator at least three (3) weeks in advance of championships.
- i. All sites hosting provincial championships are required to display signage of fair play, safety, health, code of conduct, and the corporate sponsors of the PEISAA. These will be provided by the PEISAA office and their use is the responsibility of the meet manager.
- j. The PEISAA, in consultation with the sport commissioner, shall approve provincial championship sites.
- k. The meet manager is responsible for ensuring that a protest committee for championship play is in place so necessary decisions on protests may be made and to facilitate the conclusion of the championship on time.

SECTION 2 - ZONE LEAGUES

- a. The organization and administration of zone leagues and/or exhibition games created by schools in close proximity to each other shall be the responsibility of the zones concerned.
- b. Participating schools shall be responsible for the financial obligations incurred in zone and inter-zone play.

SECTION 3 - SCHEDULE PLANNING

- a. The health and safety and instructional program of students should be the first consideration in all scheduling.
- b. PEISAA activities shall not take place on Sunday and the PEISAA shall not sanction any provincial interscholastic competition on Sunday.
- c. Participation in an out of province competition on a Sunday and/or statutory holiday must receive prior approval from the school sport coordinator and the respective school authority and principal (sanction form submitted and approved).
- d. No PEISAA activity shall take place on the statutory holiday.
- e. Considerations may be made for cultural and religious observances.
- f. At the sport scheduling meeting, the athletic directors will determine the league(s) schedule(s).

- h. When scheduling competitions, league play, playoffs and championships, the PEISAA will endeavour to minimize the amount of instructional time any student will miss.

SECTION 4 – SCHEDULE CHANGES

- a. If a team will be late arriving for a game due to unforeseen and unavoidable circumstances the late team should call the host school and arrange a later starting time, if possible.
- b. A game should only be cancelled by direct communication between coaches and/or athletic directors, and/or principals.
- c. If a change must be made to an original scheduled game, the schools affected, the commissioner of the sport, the school sport coordinator, the officials' assignor, and the media contact must all be contacted on the day of the change.
- d. When an originally scheduled game must be changed, the two member schools involved must identify a new playing date. They will have 72 hours from the original date and time to identify the new playing date. This new playing date must be scheduled to allow appropriate time before any playoff competition.
- e. If the teams involved cannot come to an agreement within the 72 hours, the school sport coordinator in cooperation with the sport commissioner, will schedule the game.
- f. If a team forfeits a game that has been scheduled, the game will be awarded to the opposing team. The forfeiting team will be fined \$100 and ALL fees from officials, facility, etc that result from this forfeit. The score of the game will be determined by the sport commissioner, as set out before the start of the season.

SECTION 5 - MODIFIED SCHEDULES

- a. Registered teams have the option of playing a modified schedule.
- b. A modified schedule shall consist of at least 50% of the scheduled games.
- c. Any team playing a modified schedule is required to play any team in the league that requests to play against them.
- d. In the case of a team playing a modified schedule the team's points will be adjusted to reflect a full schedule.

SECTION 6 – PROVINCIAL CHAMPIONSHIPS

Where possible, the sport commissioner is required to circulate the championship schedule to the school sport coordinator and participating schools at least three (3) days before the event.

SECTION 7 – RESPONSIBILITIES OF MEMBERSCHOOLS

Member schools must:

- a. Member schools (home team) must add game results to the PEISAA website following the completion of the game. Every effort must be made to submit results as quickly as possible.

ARTICLE XVIII – SEEDING PROCESS for PEI SCHOOLSPO

When placement of teams for championships from provincial leagues is requested by member schools, a ranking process may be used. A committee will be established that includes the school sport coordinator (ex-officio), senior basketball league commissioner, and two to three other individuals who have no administrative conflict with the teams involved.

The decision-making process is not a scientific one but one of careful consideration through numerous sources of information from the play of teams during the season. The decisions of the committee may be rationalized if questioned but are not subject to appeal.

***Note: If the committee is unable to agree on the position of teams, it has the power to recommend a game(s) be played to establish final position. Official's expenses related to this game(s) will be the responsibility of the PEISAA.**

There are several seeding releases made during the season. In senior basketball leagues a ranking is done by Christmas Break, a second done at the end of first semester, a third one completed in mid-February, and the final ranking at end of season. The positions obtained by the teams, as ranked, are the positions schools are expected to play during the provincial championships regardless of the school classification.

Information used for seeding consideration include:

- a. Games played during the league.
- b. Games played in exhibition or tournaments involving league teams which are on the championship side of the draws. Games played once a team has lost in a tournament are not considered.
- c. The strength of schedule.

- e. The seeding.

ARTICLE XX – PEISAA SENIOR LEAGUE ALL-STAR SELECTION PROCESS

“All Stars” may be selected in any sport on the recommendation of the sport commissioner and upon approval by the executive. Individuals chosen as “All Stars” shall be acknowledged with a certificate.

SECTION 1 – NOMINATION and VOTING PROCEDURE

Coaches and schools within the PEISAA want all-stars to be selected for senior league team play. To facilitate this, the following procedure enables an equitable and representative process so that the best players can be selected as league all-stars. This does not imply that each team will have a league all-star, yet all schools need to completely support the process in order for it to be successful.

- a. An email notice will be sent each season to all senior high athletic directors and sport commissioners to discuss nominations and begin the selection of all-stars.
 - i. Nomination Form will be forwarded with the above email.
 - ii. Athletic directors are expected to forward the information and form to their coaches and show support for the concept, the players, the school and the league. The included deadline is expected to be met.
 - iii. The nomination process for ‘most’ sports uses a descending number of nominations per school depending on their placing in the league. Field hockey, arranges a coaches meeting and at that meeting the All-Stars are selected. If school coaches decide to not nominate any players as All-Stars, they may still submit a voting ballot. The included nomination form asks for players name, position, number if available and grade, plus a two to three sentence description of that player’s skill and value to the team. The schools are clearly reminded to submit their players in the descending order of the position they are felt to maintain on the team. For example - #1 placing team may nominate six players maximum, #2 team may nominate five (5) players maximum and so on down to a maximum of two (2) players for the lowest seeded team. A team does not have to nominate the maximum number.
 - iv. The athletic director is asked to review the nominations before sending. This is to make sure all needed info is included and ballot completed with thought.
 - v. The nominations will be received by the all-star commissioner and a master list of nominations will be compiled and returned to the school athletic directors. All information and player profiles will be compiled in a manner easy for the coaches to read and also understand the value of certain players to the team. The voting coaches may not remember certain players from games played and also may now know the players’ coaches consideration of each player.

- vi. A ballot will be included with the master list, emailed back to athletic director with return deadline, and vote shall be tabulated. Teams are not to vote for players on their own teams. The athletic director is asked to review the ballot before sending it in to make sure all needed info is included and ballot completed with thought.
- b. Coaches are encouraged to note athletes from other schools who play well during the season and to consider information provided about players with whom they are not familiar (due to scheduling or other reasons).
- c. The vote results will not be released to the athletic directors until the playoffs are completed for the various leagues. Results will be included on website and submitted to the social media options. It is expected the athletic directors will inform their coaches of the results.
- d. Each coach will vote for the top twelve players (in order), without voting for their own players.
 - i. Each coach must vote for 12 players, if available
 - ii. Twelve (12) points will be awarded for a number one listing and one (1) point will be awarded for a number 12 listing. Using this listing, the commissioner will make the final decision for all-stars.
- e. Coaches are expected to vote objectively. All information exchanged is confidential and not to be discussed.
- f. All-star certificates will be delivered to the student's school for distribution.

SECTION 2 – ALL-STAR TEAM ALLOCATIONS

- a. Field Hockey: “AAA” women – eleven (11-13) players, subject to agreement by commissioner and coaches.

PRINCE EDWARD ISLAND SCHOOL ATHLETIC ASSOCIATION OUTSIDE CORPORATE SPONSORSHIP -POLICY

It is recognized that many schools solicit outside sponsorship as a way of coping with the cost associated with the school athletic program. The coordination and administration of outside sponsorship must be pursued in a manner which will guarantee that the school and the School Athletic Association retain full control of the athletic programs. The following are guidelines for achieving this purpose.

1. All School Athletic Association leagues and provincial tournaments will be sponsored by the P.E.I. Milk Marketing Board as well as any other sponsorship negotiated by the PEISAA.
2. Zone administered tournaments and meets may have outside sponsorship. These outside sponsors may contribute only money. This money is to be used to defray operating costs. Only zone sponsored awards may be presented.
3.
 - A. There may be outside sponsorship of teams or individuals in school athletics, but this policy must be sanctioned by the school board in which the school is based.
 - B. Outside sponsorship is permitted to defray operating costs of school-based tournaments and meets. These operating costs could include:
 - 1) Travel
 - 2) Officials
 - 3) Lodging - Meals
 - 4) Janitorial and Security
 - 5) Awards
 - C. Individual awards may not cost in excess of \$15 and team championship trophies may not cost in excess of \$50.

Individual awards may be presented to:
 - 1) All - stars
 - 2) M.V.P.'s
 - 3) Game Stars
 - 4) Championship team members
 - D. Outside sponsors may be recognized on programs and on appropriate posters or signage. This recognition cannot be any part of a team's wearing apparel or equipment.

PEISAA TIE BREAKING POLICY

PART A: If two teams are tied:

1. the record between the two teams
2. points (goals) against between the two teams
3. points (goals) against in the league
4. points (goals) for in the league
5. sudden death game - neutral site

PART B: If three or more teams are tied:

1. Record among the teams tied
2. (+) (-) game differential involving tied teams
3. (+) (-) point differential involving tied teams
4. Points against among the teams tied
5. Points against in the league
6. Points for in the league

For reference in using tie breaking policy please keep in mind:

When using any of the above criteria to break a three way tie the intent is to determine the highest not the lowest place finisher.

e.g.: If three teams are tied in standings and are also tied in their record against each other and the point differential is as follows:

A (+3)
B (-2)
C (-1)

Teams are no longer tied therefore standings would be A-1st, C- 2nd, B-3rd.

For the same situation with a point differential of A (+4), B (-2), C (-2) A would be 1st. We now have a two way tie between B and C for 2nd so we would revert to using criteria for a two way tie. PART A (record between tied teams)

For the same situation with a point differential of A(+2), B(+2), C(-4) we have a two way tie for 1st so we would revert to criteria for a two way tie for determining 1st and 2nd, C would be 3rd.

TIEBREAKERS CONTINUED

Volleyball

If two or more teams are tied at the end of the round, the following criteria will be applied, in order:

1. The team having the best ratio of won/lost whole games, considering games played between the tied teams, will be ranked higher.
2. The team having the best ratio of won/lost sets, considering matches played between the tied teams, will be ranked higher.
3. The team having the best ratio of set points for/against, considering games played between the tied teams, will be ranked higher.
4. The team having the best ratio of won/lost sets, considering all matches of the round, will be ranked higher.
5. The team having the best ratio of set points for/against, considering all games played during the round, will be ranked higher.
6. Toss of coin

When you apply this rule to break a tie, you should follow this sequence:

1. When two teams are tied, the tie-breaking criteria are applied one after the other until the tie has been broken.
2. When three or more teams are tied, the tie-breaking criteria are applied one after the other until all the tied teams have been ranked.

INDIVIDUAL SPORTS

Cross Country – If schools tied for Team Championship, the team whose 5th pace runner finished higher would be declared Champions.

Track & Field – If schools tied in points for top Team, the tie will be broken in the following order:

- 1) Team with most 1st place finishes
- 2) Team with most 2nd place finishes
- 3) Team with most 3rd place finishes
- 4) Team with most 4th place finishes

Pre Novice/Intermediate Vault

Jump to handspring onto a raised mat surface; fall to straight lying position on the back

The run should even and strong, accelerating to the hurdle onto the board.
Rebound(punch) off the board.

As a combination of the hurdle arm swing, reach for the mat stack. Keep the body extended, rotating to an inverted position by diving the legs/heels backward-upward, landing in a HANDSTAND position with straight arms, extending through the shoulders. The head remains neutral with focus on the hands. Maintain a straight body position with legs together and hips extended. Land on the skill cushion in a STRAIGHT LYING POSITION ON THE BACK.

Vaulting

*The Gymnasts may perform two vaults, with the better score to count.

*Three running approaches are permitted if the gymnast has not touched the springboard and/or the mat stack. A fourth approach is not permitted.

*The suggested number of running steps is approximately seven to nine steps before executing a hurdle onto the board. There is no deduction for more or less steps.

Matting Requirements:

Mat stack- Maximum of 28” (3 crash mats of 8 inches each and a 4 inch landing mat) the landing mat is the height of two folds of the new basketball mats we have on our walls in the gym. They fold in three. To reach the 28” height you can use any combinations of mats.

1. A tape line must be placed on the upper most surface of the mat stack at 32” from the front edge of the landing surface (this where the gymnasts will land their hands) The area on the mat from the front edge of the mat to (and including) the tape line is designated as the prescribed landing zone. The hands should make contact with the mat within this zone.
2. The tape line should also extend down the side of the mat (Provincials)
3. All mats used in forming the mat stack must be a minimum of 5’ wide and 10’ long.

Preface

This document is meant to serve as a source of information for PEISAA Rugby League rules and guidelines. Readers are encouraged to always consider the welfare of their school's players, their opponents, and the laws and spirit of the game as a starting point when making decisions. Sportspersonship and the principles of fair play are the cornerstones of the league.

Game Officials

Referee Registration

All Referees are encouraged to register with Rugby Canada through the PEIRugby Union and must be certified at World Rugby level one. No PEISAA match may be officiated by someone other than those referees who are certified. Certification lasts four years. If you wish to inquire about certification, contact Tim Hockin with the P.E.I. Rugby Referee Association.

Game Reimbursement Schedule

Senior AAA	\$27.00	Senior AA	\$27.00	Senior A	\$17.00
------------	---------	-----------	---------	----------	---------

Travel Allowance for Referees

Travel is paid at a set PEISAA flat rate based on where the referee is travelling to and from. The set rate is \$0.35 per kilometer.

Payment of Referees

Payment of game fees and travel remuneration will be paid at the conclusion of the Season (League & Championships) by cheque. The assignor will invoice the PEISAA who will in turn present invoices to member schools.

Referee Game Reporting Requirements

Referees are asked to review and sign the game form before leaving the field.

All bin violations, bench penalties, and ejections must be recorded by the referee and e-mailed or called into the referee-in-chief before 10 p.m. on the day of the infraction. The following information must be reported for each infraction.

Name: last and first name of player

Team: name of school

Level: AAA, AA, A

Division: Men's or Women's

Type: bin, ejection, bench penalty

Coach: name of Coach responsible

Name of Referee

Cancellations by Referees

If a referee is scheduled to provide services and becomes unavailable, it is their responsibility to contact the referee-in-chief. Please contact Anthony Scott (anthony-scott@hotmail.com, 902-314-1325).

If after 12 p.m. on game day, in addition to contacting one of them, you should also leave a message with the athletic director of the home Team to inform them that you are unavailable and that a message has been left for the referee-in-chief.

Game Cancellation Procedure

In the event that a game must be cancelled, it is the responsibility of the canceling school to:

- a. Contact the opponent school
- b. Contact the commissioner
- c. Contact the referee assignor
- d. Inform the commissioner of the alternate date that has been discussed with the opposition
- e. Inform the referee assignor of the alternate date. You will receive an e-mail from the referee assignor confirming the rescheduled date.

In cases where the assigned referee cannot be reached, the school responsible for the cancellation may also be required to pay the day's game fees and travel expenses.

Team Registration

- Schools are encouraged to compete at the highest level possible.
- A school can register to compete at the "A" level only if they are willing to do so **without grade 12 players.**
- If a school plans to have grade 12 players included in their program, it must register Teams at the "AA" or "AAA" level.
- Schools may register more than one Team at a level such as "AAA"
- A school may register at more than one level.

“A” Level as a Development League

In the interests of safety and player development, the “A” league is designated as a development league and as such, in general circumstances, grade 12 players are not eligible to compete at this level.

In exceptional circumstances, schools may make application to the commissioner for permission to enter a grade 12 player at the A level. Coaches should include the players name, size, height, weight, and rationale. Consideration will be made and communicated to all schools. In addition, the Commissioner may, at their discretion, view the player in question to assess suitability to "A" level rugby.

Rosters

Establishment of Pool Players

Pool players must be established by the mid-season point of each individual Team. Coaches should choose pool players with care. The selection of pool players should not contravene the spirit of the game or lead to situations where schools could gain an unfair advantage due to their selection of pool players. Special care should be taken when selecting pool players that will drop a level as is the case for pool players moving from “AAA” to “AA” or from “AA” to “A”. Possible reasons to include a player in the pool would be: less experience, smaller size, lower confidence level, less strength, or less skill. If, at any point in the season, one or more of a Team’s designated pool players becomes injured, the next appropriate player on the roster may be designated as a replacement pool player.

Note: A grade 12 player may not serve as a pool player on an “A” roster.

Playing Eligibility of Pool Players

Pool players are regular members of Team Rosters and can be used as a Coach sees fit. Pool players may only be used to bring a Team’s game day roster to an appropriate number of players, not the maximum roster level. The appropriate game day roster levels are as follows: AAA and AA - 21 members, A - 12 members.

Roster Submission Dates

Rosters must be submitted to the PEISAA office on or before the first game day and can be adjusted until each individual Team’s mid-season point. Rosters must clearly indicate pool players.

Laws of the Game

The Laws of the Game are available for viewing and download at:

<http://laws.worldrugby.org/index.php?&language=EN>

PEISAA League Law Variations and Interpretations

The PEISAA Rugby League follows World Rugby U-19 law variations. Also, the following law variations are in effect:

Length of Match

“A” – 2 X 12 minute halves
 “AA” – 2 X 25 minute halves
 “AAA” – 2 X 25 minute halves

Length of Half Time

“A” – 3 minutes
 “AA” – 5 minutes
 “AAA” – 5 minutes

Timeouts

Each Team may take 1 tactical timeout per half. Timeouts last for 1 minute. Players must return to play once the referee has blown the whistle to indicate the end of the timeout period. Failure of players to return to play may result in a free kick sanction for time-wasting.

Players' Clothing

1. Referees should allow special clothing which conforms to IRB specifications or that bear the IRB approval mark. Referees are asked to inspect clothing to ensure that it is safe.
2. Molded plastic cleats with blade-shaped studs are considered legal. The studs do not have to be round.
3. Players **MUST** wear a mouth guard.

Binding in Lineout Play

New amendment for PEI to re-align with World Rugby laws. The laws for the lineout are as follows:

Lifting and supporting. Players may assist a Team-mate in jumping for the ball by lifting and supporting that player providing that the lifting and/or supporting players do not support the jumping Team-mate below the shorts from behind or below the thighs from the front.

Sanction: Free Kick on the 15-metre line

Pre-gripping is permitted. Players who are going to lift or support a Team-mate jumping for the ball may pre-grip that Team-mate providing they do not pre-grip below the shorts from behind and below the thighs from the front.

Sanction: Free Kick on the 15-metre line

13, 12 or 11 A-Side Rugby

In the interest of safety, the league has adopted the general stance that the number of players can be reduced to 13, 12 or 11 where a school cannot field enough players to play 15s for a given game. Schools should contact the opposition and the commissioner to inform of their intent to play 13, 12 or 11 a-side. The 13, 12 or 11 a-side option may only be used when a school does not have enough experienced players to fill all 15 positions. For example, if a Team has 15 players but only 5 have played or trained in forward positions, that Team may request to play 13s. Teams must play with the highest

number of players they can safely field. The 13, 12 or 11 a-side rule can only be invoked when Teams have either 13 or 14 able players at match time. Once a game starts as a 15 a-side match, it must remain a 15 a-side match. In other words, if a Team starts a match with only 15 players and incurs an injury, that Team must play shorthanded for the remainder of the match.

Substitution Policy

In the interests of safety and player development, the PEISAA has made additional substitution allowances that are in addition to the IRB Laws.

- a. Substitutions can be made at any stoppage in play except penalty or free kicks. Teams are encouraged to sub on their own lineout throw or scrum put-in, to avoid taking an advantage from the offensive Team. These players must be ready and waiting to enter the field. If the referee deems that the substitution is taking too long, they may restart play and the substitution can occur at the next opportunity.
- b. No limitations are placed on substitutions; a player may leave and rejoin a game unless the player leaves the match due to injury.

Player Reduction Due to Foul Play

1. When a Team is reduced by one player, and that player is not a scrum player, there will not be any player reduction in the scrum. (eight players in the scrum)
2. When a Team is reduced by a scrum player, the number of players in the scrum will remain at eight players. The proper temporary substitution may be made at the next scrum provided that there is a suitably trained substitution.
3. In the case where a Team has been reduced to thirteen players during the game or prior to kick off, the scrum will remain at eight players and five players in the backfield.
4. If at any time a Coach feels that their Team's scrum is unable to compete for safety reasons, a request for uncontested scrums can be made to the referee. That request **WILL** be granted. The referee may also make that determination. **Uncontested scrums means that the Teams will go through the scrum engagement sequence of "CROUCH-BIND-SET" but, there will NOT be any push, and the Team putting the ball in will win the scrum.**

Coaches within the Playing Enclosure

To enhance Coaching during the first half of the season, Coaches may Coach from their side of the field anywhere along the line of touch. After the arbitrary mid-season date of May 18th in each year, Coaches must remain between the 10 m lines.

Team Bench Area

All Team members must remain within the bench area. The bench is designated as the area between the 10 metre line. All Team members must remain on the side of the field first chosen at the beginning of the match.

Bench Penalty

A bench penalty can be given to the bench at the discretion of the referee. It will be used in cases of improper conduct of a Coach or players. Examples of this type of behavior might be inflammatory cheering by Coaches or players. The referee should always explain to the Coach in charge why the bench penalty has been rendered. A bench penalty is always assessed to the Coach. The first penalty would be a yellow card and the second an ejection from the game. Documentation of a bench penalty should be sent to the referee-in-chief.

Penalty: **Penalty Kick** awarded to non-offending Team at the place where the stoppage occurred.

Limit on the Number of Players

Teams can carry as many players as deemed appropriate by the school. In any given game, Teams may dress and indicate on the game form up to 16 players at the "A" level, and 25 players at the "AA" and "AAA" levels.

Sin Bin

In order to provide referees with an additional tool with which to better manage the game with respect to safety, sportspersonship and discipline the "Sin Bin" rule is in effect.

The referee may, at their discretion remove a player from the game for a period of five (5) minutes at the "AA" or "AAA" level and three (3) minutes at the "A" level. For this period of time the player will remain behind the dead-ball line directly behind their Team's goalposts. The player may not rejoin the Team for time-outs but could return to the bench for half-time or for the breaks involved with overtime. The penalty time applies to playing time only.

High tackles and whip tackles are considered "dangerous play" and should be treated as serious infringements.

No player can be sent to the Sin Bin twice in a game. Ejection would apply in subsequent situations. This rule does not affect the referee's right to disqualify a player at any time for a first offence.

The referee is responsible to keep track of penalty time and inviting the player back to the field of play when the ball first becomes dead after the time interval of the penalty has elapsed. The referee should speak to the player to reiterate the reason for the penalty.

Players serving penalties or ejections are not to be replaced by an alternate.

Player Sanctions:

Referee is to document on the game sheet and submit a written report.
Home Team is responsible for recording player Sanctions to the website.

Standard Sanctions for Cards:

1. 1 Yellow Card: No further discipline that game, but cumulative Sanctions may apply.
2. In a Single Game: 1 red card or 2 yellow cards by the same player – Automatic 1 game suspension with a review done by a sanction review committee appointed by the commissioner taking into consideration the referee report.
3. Cumulative Sanctions: Multiple Yellow Cards throughout the season – 3 yellow cards during league play by a single player shall result in a single game suspension. Subsequent offences by this player shall be reviewed by the committee for the safety of the other players.
4. Second Red Card in a season – If a player receives subsequent red card Sanctions, this player shall be reviewed by the committee for the safety of the other players.
5. Team Cards – If a Team receives frequent yellow or red Cards, the Team shall be reviewed (including Coaches) for conduct detrimental to safe rugby.

Provincial Championship Overtime Format

Following the completion of regulation time the following formula is to be utilized.

A Division: two 6 minute halves changing ends at the break
 AA Division: two 10 minute halves changing ends at the break
 AAA Division: two 10 minute halves changing ends at the break

Should score remain tied, the following will be implemented:

A coin toss will take place with the Team placing highest calling the toss. The winner of the toss will have the option to attack or defend. Following commencement of play each Team will alternate defending and attacking positions for three rotations.

With full sides (no player reduction) each Team will be given 3 opportunities to score from a tap penalty commencing at any place along a line 10 metres from goal. All attempts by both sides will be taken at the same goal. The side scoring the most points following these 3 attempts will be declared the winner.

Following a try, a conversion attempt will be taken from the appropriate mark.

A drop kick at goal is only permitted from a second phase breakdown, i.e. a ruck or maul must take place to be considered second phase play.

Where the attacking side commits an infringement resulting in a penalty call, that side will have its attempt at scoring forfeited and the defending side will set up on the 10 metre mark to commence its next attempt. (No advantage is given to the defending side in this situation as both sides are scoring at the same goal).

Where the defending side commits a penalty infringement, the attacking side will line up to take the penalty at the mark. Options allowed in this situation are similar to the law. i.e.: The attacking side may attempt: a) a tap penalty, b) a penalty kick at goal, c) opt to scrum at the mark, d) attempt an indirect kick (up and under), e) kick for touch and form a lineout at the mark.

Where a stoppage results in a scrum, lineout, penalty by the attacking side, or a free kick awarded against the attacking side, the attacking side will forfeit its attempt at goal.

Should the score remain tied following these 3 attempts each, each side will attempt in single rounds until a winner is declared.

Should a player receive a yellow card in the 2nd overtime period which does not expire at the end of that period, they will be eligible to return to play during the tap penalty phase of overtime. Each tap penalty attempt is given an arbitrary time of 30 seconds per attempt. Prior to the beginning of the tap penalty phase of overtime, the Official will determine, based on how much time is left on the yellow card offence, how many tap

penalty attempts the offending player must sit out before being eligible to return. The offending Team plays short-handed until that player is eligible to return.

There are no substitutions (with the exception of injury substitutions) permitted during the tap penalty phase of overtime.

GENERAL RULES OF POWERLIFTING

The PEISAA sport of power lifting recognizes the following lifts which must be taken in the same sequence in all competitions conducted under PEISAA rules:

Squat B. Bench Press C. Dead lift D. Total

- (a) Competition takes place between lifters in categories defined by sex, bodyweight and age. The PEISAA Men's and Women's Championships permit lifters in grades 10 through 12 to compete 3 consecutive years.
- (b) The rules apply to all levels of competition whether it be Zones or Provincial. Records cannot be considered unless the above conditions are met.
- (c) Each competitor is allowed three attempts on each lift. Any exceptions are explained in the appropriate section of the rule book. The lifter's best valid attempt on each lift, disregarding any fourth attempts for record purposes, counts toward his competition total. Lifters failing to achieve a total in qualifying can continue to lift but, shall not be permitted to lift at the Provincials. If two or more lifters achieve the same total, the lighter lifter ranks above the heavier lifter. Wilks Points will determine the winner in each category.
- (d) If two lifters register the same bodyweight at the weigh in and eventually achieve the same total at the end of the competition, the lifter making the total first will take precedence over the other lifter. Where awards are presented for best squat, bench press and dead lift, the same procedure will apply.
- (e) High school lifters can only qualify for high school Provincials by competing in a high school qualifier. CPU and IPF or any other organized competition will not be recognized. If, for any reason a lifter cannot make a qualifier than that lifter can qualify in the presence of their own Coach and the PEISAA Commissioner. All lifting rules apply

- (e) Lifters cannot use gloves at any time during the competition.

POWER LIFTS AND RULES OF PERFORMANCE:**Squat**

(a) The lifter shall face the front of the platform. The bar shall be held horizontal across the shoulders, hands and fingers gripping the bar.

(b) After removing the bar from the racks, (the lifter may be aided in removal of the bar from the racks by the spotter / loaders) the lifter must move backwards to establish the starting position. When the lifter is motionless, erect with knees locked, and the bar properly positioned the Chief Referee will give the signal to begin the lift. The signal shall consist of a downward movement of the arm and the audible command "Squat". Before receiving the signal to "Squat" the lifter may make any position adjustments within the rules, without penalty. For reasons of safety the lifter will be requested to "replace" the bar, together with a backward movement of the arm, if after a period of five seconds he is not in the correct position to begin the lift.

(c) Upon receiving the Chief Referee's signal the lifter must bend the knees and lower the body until the top surface of the legs at the hip joint is lower than the top of the knees. Only one decent attempt is allowed. The attempt is deemed to have commenced when the lifter's knees have unlocked. The bar may move from its starting position downwards on the lifter's back the thickness / diameter of the bar during the performance of the lift.

(d) The lifter must recover at will to an upright position with the knees locked. Double bouncing at the bottom of the squat attempt or any downward movement is not permitted. When the lifter is motionless (in the apparent final position) the Chief Referee will give the signal to rack the bar.

(e) The signal to rack the bar will consist of a backward motion of the arm and the audible command "Rack". The lifter must then move forward and return the bar to the racks. For reasons of safety the lifter may request the aid of the spotter / loaders in returning the bar to, and replacing it in the racks. The lifter must stay with the bar during this process.

(f) Not more than five and not less than two spotter / loaders shall be on the platform at any time. The Referees may decide to the number of spotter / loaders required on the platform at any time 2, 3, 4, or 5.

Causes for disqualification of a Squat:

(a) Failure to observe the Chief Referee's signals at the commencement or completion of a lift.

(b) Double bouncing at the bottom of the lift, or any downward movement during the ascent.

(c) Failure to assume an upright position with the knees locked at the commencement or completion of the lift.

- (d)Stepping backward or forward although lateral movement of the sole and rocking the feet between the ball and heel is permitted.
- (e)Failure to bend the knees and lower the body until the top surface of the legs at the hip joint are lower than the top of the knees, as in the diagram below.
- (f)Contact with the bar or the lifter by the spotter / loaders between the Chief Referee's signals in order to make the lift easier.
- (g)Contact of the elbows or upper arms with the legs, slight contact is permitted if there is no supporting that might aid the lifter.
- (h)Any dropping or dumping of the bar after completion of the lift.
- (i) Failure to comply with any of the items outlined under Rules of Performance for the squat.

Bench Press:

- (a) The bench shall be placed on the platform with the head facing the front or angled up to 45 degrees.
- (b) The lifter must lie on his back with shoulders and buttocks in contact with the bench surface. The sole and heel of his shoes or any part thereof of the sole and heel must be in contact with the platform or blocks. The welt/rim or uppers must not be in contact during the lift. His hands and fingers must grip the bar positioned in the rack stands with thumbs around grip. His head must be over and above the bench surface i.e. not to one side or hanging over the end of the bench. This body position shall be maintained throughout the lift.
- (c) To achieve firm footing the lifter may use flat surfaced plates or blocks not exceeding 30 cm in total height to build up the surface of the platform. Blocks in the range of 5 cm, 10 cm, 20 cm, 30 cm, should be made available for foot placement at all international competitions. Slight or very minor foot movement is allowed for both the platform and on the blocks, i.e. the width of the foot laterally, and half the length of the foot forward or backward.
- (d) Not more than three and not less than two spotter / loaders shall be on the platform at any time. After correctly positioning himself, the lifter may enlist the help of the spotter / loaders in removing the bar from the racks. The lift off if assisted by the spotter / loaders must be at arm's length.
- (e) After removing the bar from the racks, with or without the help of the spotter / loaders, the lifter shall wait with elbows locked for the Chief Referee's signal. The signal shall be given as soon as the lifter is motionless and the bar properly positioned. For reasons of safety the lifter will be requested to **Replace** the bar, together with a backward

movement of the arm, if after a period of five seconds he is not in the correct position to begin the lift.

- (f) The signal to begin the attempt shall consist of a downward movement of the arm together with the audible command *Astart*.
- (g) After receiving the signal, the lifter must lower the bar to the chest (the chest, for the purpose of the rule, finishes at the base of the sternum (breastbone), The lifter must then return the bar to arm's length with no excessive / immoderate uneven extension of the arms, or bouncing off of chest both arms locking out. When held motionless in this position the audible command *Arack* shall be given together with a backward motion of the arm.
- (h) If anatomically, the arms cannot be fully extended the lifter shall inform the referees prior to each attempt.

Causes for Disqualification of a Bench Press:

- (a) Failure to observe the Chief Referee's signals at the commencement or completion of the lift.
- (b) Heaving or bouncing or sinking the bar into the chest to make the lift easier will not be allowed.
- (c) Any downward movement of the bar when being pressed out.
- (d) Failure to lock out arms at the completion of the lift.
- (e) Any contact with the bar or lifter by the spotter/loaders between the lift signals in order to make the lift easier.
- (f) Any contact with the bench supports.

Dead Lift:

- (a) The lifter shall face the front of the platform with the bar laid horizontally in front of the lifter's feet, gripped with an optional grip in both hands and lifted until the lifter is standing erect.
- (b) On completion of the lift the knees shall be locked in a straight position and the shoulders back.
- (c) The Chief Referee's signal shall consist of a downward movement of the arm and the audible command *A down*. The signal will not be given until the bar is held motionless and the lifter is in the apparent finished position. If the bar is shaking when at the knee area, although not exactly pure, this not cause for failure.

(d) Any raising of the bar or any deliberate attempt to do so will count as an attempt. Once the attempt has begun no downward movement is allowed until the lifter reaches the erect position with the knees locked. If the bar settles as the shoulders come back this should not be reason to disqualify the lift.

Causes for Disqualification for a dead lift:

- (a) Any downward movement of the bar before it reaches the final position.
- (b) Failure to stand erect with the shoulders back.
- (c) Failure to lock the knees at the completion of the lift.
- (d) Supporting the bar on the thighs during the performance of the lift. If the bar edges up the thigh but is not supported this is not reason for disqualification. The lifter should benefit in all decisions of doubt made by the referee.
- (e) Stepping backward or forward, although lateral movement of the foot or rocking feet between ball and heel is permitted.
- (f) Lowering the bar before receiving the Chief referee's signal.
- (g) Allowing the bar to return to the platform without maintaining control with both hands, i.e: releasing the bar from the palms of the hand.
- (h) Failure to comply with any of the items outlined under Rules of Performance.

ORDER OF COMPETITION:

- (a) One week before competition, the lifter or his Coach must declare a starting weight for all three lifts and present these to the Commissioner along with body weight and category.

- (b) Weigh-ins will take place with the head judge, Coach of the Team and Commissioner present. The lifter must weigh in with their competition clothing on, excluding footwear.

SCORER'S TABLE:

- (a) The lifter will approach from the front and give their next weight immediately after they perform a lift.

- (b) Coaches shall approach the table from the front and not change weights for their lifters after they have been entered.

FLAG FOOTBALL

PEISAA FLAG FOOTBALL IS NON-CONTACT - BLOCKING AND TACKLING ARE NOT ALLOWED.

Attire

- Cleats are allowed, but must be rubber. Inspections must be made prior to the game. It is recommended all players wear a protective mouthpiece.

Field Dimensions and Markings

Length: 40 yards from goal line to goal line. 10 yard end zones at each end for 60 yard total length.

Width: 24 yards (from hash marks to sideline on a marked football field) No-running zones:

Must be marked 5 yards from each end zone.

POSSESSION

- A coin toss determines first possession. The Team that wins the coin toss can choose the ball or the end. Teams will switch ends at halftime and the Team that started the game on defense will get first possession of the second half.

There are no kickoffs

- The offensive Team takes possession of the ball at its 5-yard line and has three plays to cross midfield. Once a Team crosses midfield, it has three plays to score a touchdown. If the offense fails to score, the ball changes possession and the new offensive Team takes over on its 5-yard line. An automatic first down by penalty will overrule the other requirements regarding three plays to make either a first down or score. If the offensive Team fails to cross midfield, possession of the ball changes and the opposition starts its drive from its 5-yard line.
- All possession changes, except interceptions, start on the offense's 5- yard line.

Number of Players

- Teams play with 5 on the field at a time.
- Teams may play with a minimum of four (4) players (due to injuries).
- If less than 4 players are available, the game is cancelled.

Timing/Overtime

- Game length is 40 minutes running time (two halves, 20 minutes each). Regular season games can run 30 minutes with two 15 minute halves.
- If the score is tied at the end of regulation time, Teams move directly into overtime. There will be a coin toss to determine who starts on offense and who is on defense. The offense will start with the ball on their own goal line. They will run 3 plays to advance as far down the field as possible. The offense cannot earn a first down. After 3 plays the defense takes over where the offense finished. They have three plays to score in the opposite direction from the point they took over. If they do then they win. If they fail to score or reach the goal line they lose. If they are stopped exactly on the goal line the Teams will start the process over but reverse the order of who plays offense first. This will continue until a winner is declared.
- Each time the ball is spotted the offense has 30 seconds to snap the ball.
- Each Team has 2 x 60-second time outs per half. The clock stops during a time out. These cannot be carried over to the second half or overtime. Teams will get one time out in overtime regardless of the number of rounds.
- Officials can stop the clock at their discretion.
- The Teams will be warned when there are two minutes left to play in the second half. The game cannot end on a defensive penalty unless it is declined.
- There will be a halftime period of 2 minutes between the first and second half.

Scoring

Touchdown: 6 points

Extra point: 1 point (played from 5-yard line) 2 points
(played from 12-yard line)

Safety: 2 points

Note: An interception return to opponent's end zone on any extra-point play by the defense will result in the defense scoring 2 points plus gaining possession for the next series at its own five yard line.

Running

- To start the play, the ball must be snapped between the legs of the center.
- The center is the player who gives the ball to the quarterback via a snap. The center cannot take a direct handoff back from the quarterback (no center sneakplay).
- The quarterback is the player who receives the ball directly from the snap.
- The quarterback cannot run with the ball past the line of scrimmage.
- An offense may use multiple handoffs behind the line of scrimmage. Only backward or lateral handoffs are allowed during a down.
- Tosses or sweeps behind the line of scrimmage are allowed and are running plays. Downfield tosses are not permitted. Once a player has possession of the ball beyond the line of scrimmage, any loss of possession will be blown dead by the Official.
- "No-running zones" are located 5 yards from each end zone. When the ball is on or inside the 5-yard line going towards the opponent's end zone, the offense cannot use a running play to cross the line of scrimmage.
- The player who takes the handoff can throw the ball from behind the line of scrimmage.
- All defensive players are eligible to rush once the ball has been handed off or tossed, or there is a play-action fake or fake handoff.

- Spinning is allowed, but offensive players cannot leave their feet to avoid a defensive player (no diving).
- The ball is spotted where the ball carrier's hips are when the flag is pulled, not where the ball is.
- It is up to the ball carrier to avoid contact with the defender. Good defensive position should be rewarded by the Officials.

Receiving

- All players are eligible to receive passes (including the quarterback if the ball has been handed off behind the line of scrimmage).
- A player must have at least one foot in bounds when making a reception. (A receiver cannot return on to the playing field from an out of bounds position and catch the ball)

Passing

- Only players starting 7 yards behind the line of scrimmage can rush the passer.
- The quarterback has seven seconds to throw the ball. If a pass is not thrown within these seven seconds, play is dead, loss of down and the ball is spotted at the previous line of scrimmage. Once the ball is handed off or tossed, the seven- second rule no longer is in effect.
- Interceptions change the possession of the ball.
- The defence can return interceptions.
- On interceptions that occur and remain in the end zone, the ball will become dead and will result in the ball belonging to the intercepting Team at its 5-yard line. Should an interception occur in the end zone and the ball carrier leave the end zone, the ball will belong to the intercepting Team at the spot the ball becomes dead. However, should the ball carrier return to the end zone and be de-flagged, or the ball be ruled dead the result would be a safety for the other Team.
- Shovel passes are allowed but must be received beyond the line of scrimmage.
- Once a player catches the ball they are no longer allowed to lateral the ball. This applies to receivers as well. (i.e. hook and laterals are not permitted)

Dead Balls

- Substitutions may be made on any dead ball.
- Play is ruled "dead" when the Official blows the whistle as a result of:
 - Ball carrier's flag is pulled.
 - Ball carrier steps out of bounds.
 - Touchdown or safety is scored.
 - When any part of the ball carrier's body, other than a hand or foot, touches the ground.

- If the ball carrier's flag falls off, the play will be whistled dead and the ball will be spotted at the spot where the flag fell off.
- Players are eligible to catch a pass if their flag has fallen off but they cannot advance the ball.
- They are dead at the spot of the catch.

Note: There are no fumbles. The ball will be spotted where the ball carrier's hip was when the fumble was made i.e. A bad snap will be blown dead and the ball will be spotted at the center's feet. There is no stripping of the ball. **Rushing the Quarterback**

All players who rush the passer must be a minimum of seven yards from the line of scrimmage and be lined up between 1 and 2 yards (side to side) from the bean bag when the ball is snapped.

A special marker (bean bag), or the referee, will designate seven yards from the line of scrimmage.

The rusher will be given a free rush lane to the quarterback provided they started 1-2 yards on either side of the bean bag. Rushers must pick a side

to rush from. Once the center puts their head down to snap the ball, the rusher cannot switch sides and keep their free rush advantage. If the quarterback rolls out the rusher is still allowed a free lane to rush. Rusher interference occurs if and only if the rusher is contacted or an offensive player cuts them off forcing the rusher to slow down or change direction to avoid contact.

Any number of players can rush the quarterback but only players lined up within two yards (side to side) of the ball are entitled to a clear path to the quarterback.

Players not rushing the quarterback may defend one yard from the line of scrimmage.

Once the ball is handed off or tossed, or there is a play-action fake or fake handoff, the seven-yard rule no longer is in effect and all defenders may go behind the line of scrimmage.

REMEMBER, BLOCKING OR TACKLING ARE NOT ALLOWED.

Sportspersonship/Roughing

- If the referee witnesses any acts of flagrant contact, tackling, elbowing, cheap shots, blocking, or any unsportsmanlike act, the game will be stopped and the player will be ejected from the tournament. **FOUL PLAY WILL NOT BE TOLERATED.**
- Trash talking is illegal. (Trash talk is talk that may be offensive to Officials, opposing players, Teams, or spectators.) Officials have the right to determine offensive language. If trash talking occurs, the referee will give one warning. If it continues, the player or players will be ejected from the game.
- Once a flag is pulled, the defensive player should hold the flag above their head so that the referee can spot the location of the flag pull. The pulled flag should be handed to the player who lost the flag or to a Teammate. Intentionally throwing the flag onto the ground is considered poor flag etiquette.

Penalties

- All penalties are 5 yards (except for Pass Interference - 15 yards). The down will be repeated, and will be assessed from the line of scrimmage, unless otherwise noted.
- All penalties can be declined.
- Penalties will not exceed half the distance to the opposing Team's goal line from the line of scrimmage.
- Referees determine incidental contact that may result from normal run of play.
- All penalties will be assessed from the line of scrimmage except for flagguarding.
- Only the Team captain may ask the referee questions about rule clarification and interpretations. Players cannot question judgment calls.
- Games cannot end on a defensive penalty, unless the offense declines the penalty.

Defensive Penalties

- Pass Interference -- 15 yards and automatic first down
- Illegal contact (holding, initiating a collision with offensive player etc.) -- 5 yards and automatic first down
- Illegal flag pull (before receiver has ball) -- 5 yards and automatic first down (The offense may decline the penalty and take the catch if it results in a greater gain)

- Offside -- 5 yards and down repeated
- Illegal rushing (starting rush from inside 7-yard marker) -- 5 yards and down repeated.
- Substitution fouls (player enters field after ball is blown ready for play, i.e. to deceive opponents, or 6 players on the field) -- 5 yards and down repeated
- Interference with opponent or ball at the snap. -- 5 yards and down repeated

Offensive Penalties

- Flag guarding -- 5 yards from the point of foul and loss of down;
- Quarterback running past line of scrimmage -- 5 yards and loss of down
- Illegal forward pass (pass caught behind line of scrimmage or QB beyond line of scrimmage)-
- 5 yards and loss of down
- Offensive pass interference (illegal pick play, pushing off/away defender) -
- 5 yards and loss of down;
- Rusher Interference - interfering with a rusher on their direct path to the quarterback. -- 5 yards
and loss of down
- Delay of game -- 5 yards and loss of down
- Substitution fouls -- 5 yards and loss of down
- False Start -- 5 yards and loss of down
- Offensive holding -- 5 yards and loss of down
- Player out of bounds (if player goes out of bounds, player cannot return to the field and catch
ball) -- 5 yards and loss of down
- Illegal Snap

The most important rule of all... HAVEFUN!!!
