PRINCE EDWARD ISLAND SCHOOL ATHLETIC ASSOCIATION

School Sport Coordinator's Report

2012-13

Report to the 51st June Meeting of the Prince Edward Island School Athletic Association.

The past year has been an interesting year with the changes and transition for the Department of Education and Early Childhood Development and the amalgamation of the English Language School Board. The P.E.I. School Athletic Association and School Sport Coordinator position has moved to the Corporate Services division at the Department. This transition has been flawless and the Organization continues moving forward with business as usual, through the tremendous support of the Department, School Boards, the Membership, and Volunteers.

The organization administers school sport in the Province for 65-member schools, participating in 14-sports and competing for some 90-championships. While there are championships, the organization focuses on competition among all member schools. Success is not measured by championships; it is the measure of that intrinsic reward, the values, life lessons, and educational benefits which result from participating in school sport. It is the responsibility of each school to ensure that all student athletes have a positive sport experience fostered by sound athletic programs and quality coaching.

Projects:

1. SAA-Handbook ready for publication
2. Review Engagement Audit
3. Implementation Physical Education Safety Guidelines K-12 – Resource
4. SAA Website Development
5. Coach Education – School Sport Canada
6. Pilot the Coach in School Module – CAC – Coaching Certification
7. Subway Tournament Partnership
8. Host – School Sport Canada AGM – September 2013
9. Strategic Planning – Review and establish a vision for the organization.
10. PEISAA “Virtual” Hall of Fame

Challenges:

1. Evolving Partnerships
2. Financial Landscape
3. Schedule & Transportation challenges
4. Changing School dynamics

Extend sincere gratitude to our Partners; Department of Education and Early Childhood Development, P.E.I. School Milk Foundation, Subway, Comfort Inn, U.P.E.I. Athletics, Holland College Athletics, Dairy Farmers of Canada, Amalgamated Dairies Limited, PaperFlow Xerox, Dominos, Source for Sports - Summerside, Black Knight-Canada, and RedSkye IT Solutions. These Partners are major contributing factors to the program which School Sport is able to offer within the Province. Susan Willis and Jason Arsenault for their passion and valuable contributions as Executive members to School Sport.

I would like to recognize those volunteers who serve on the PEISAA Executive team. Your dedication and work ethic have made the facilitation of school sport a positive experience for all participants.

Volunteers - while the PEISAA does attempt to recognize the contributions of this dedicated group; the Coaches, Physical Educators, Athletic Directors, and Commissioners for the leadership which you provide. It is impossible to thank you enough for your educational approach to working with our children and youth. Each of you has a significant and positive impact on the students which you lead. Thanks to your efforts - School Sport will continue to be a major contributing factor to the education of students in the Province.

Congratulations and Thank-you to the 2013 PEI School Athletic Association Award Recipients.

Have a Safe and Restful Summer!

Respectfully submitted,

Rick MacKinnon

PRINCE EDWARD ISLAND SCHOOL ATHLETIC ASSOCIATION

Chairperson's Report 2012-2013

The 2012-2013 school year has once again seen school sport flourish in PEI. I have had the privilege of being at most sport championships and I am amazed at the level of sportsmanship, skill and dedication displayed. The time, effort and enthusiasm shown is second to none. We should all be proud of the product that school sport delivers on a yearly basis.

This year has seen some trends continue to develop. In the 2013-14 school year, the PEISAA plans on doing some strategic planning to look at where school sport is going and how we should get there. We plan on involving many stake holders and people with a vast knowledge of school sport to help lead us into the future. Declining enrollment, school dynamics, community programs, age classifications and all sports will be analyzed and looked at.

Declining enrollment and school dynamics continue to dictate how many sports are organized and run. Each season, Athletic Directors are having to be creative when they make their schedules. It seems that there is becoming a wider gap between our high and low classifications in many school sports. Many teams are trying to fit busy schedules into short seasons. Teams need to remember how valuable practice time is and that league schedules are a top priority. The PEISAA executive has had a busy year dealing with many evolving sports. Each sport has its own dynamic and we are trying to help steer SAA sports in the right direction. Our handbook, the PEISAA discipline committee and our new physical education safety guidelines will help to shape where we go in the future.

I would like to take this time to thank all of the volunteers that help to make school sport thrive in PEI: the PEISAA executive, commissioners, coaches, Athletic Directors, tournament and meet managers and officials for their time and expertise. Also, a big thank-you to our School Sport Coordinator, Rick MacKinnon, whose tireless efforts help to make sure that every championship event runs smoothly.

I look forward to my second of two years as the Chair of the PEISAA. I plan on helping to direct where school sport is going while remembering our past. The 2013-14 year will see our virtual hall of fame continue to grow. Our founders will be joined by our first members of the hall in special ceremonies throughout the year. This will be a special time for the SAA and its members. We would not be where we are today without the strong leadership of the past 51 years.

PRINCE EDWARD ISLAND SCHOOL ATHLETIC ASSOCIATION

Official's Commissioner Report - 2012-13

The PEISAA member schools, along with the executive, and the provincial sport organization Officials' Associations, continue to have a healthy working relationship. As an Association, we continue to be supportive in helping to build the various Officials' Associations to improve the level of officiating and the number of officials taking part in school sport.

Sports officials represent a critical aspect of the sporting infrastructure, yet those responsible for officiating athletic contests are leaving sport at an alarming rate. This is more prevalent in our younger officials. (those in their first and second year). Some cases are unavoidable, i.e leaving the province. A recent study, "Understanding the Factors Contributing to the Retention of Canadian Sports Officials", published by Livingston & Forbes from Lakehead University, cites that many of our officials leave their sport for reasons due to lack of support, abusive behavior, and or attrition.

Every Official's Association in PEI is experiencing difficulty in this area. Recruitment is an ongoing and daunting task. Few of the Associations would be considered as healthy with respect to the number of officials they are working with. Some Associations have shown some growth while others are merely existing. Recruitment and retention of officials in the extremities of the province in particular is challenging. Member schools can help in identifying and promoting officiating within their community to improve our officiating numbers in all areas of the province, thus reducing some of the financial burden placed on our schools.

An ongoing concern is the number of incidents involving negative behavior directed toward officials during interscholastic play by players, coaches, and spectators. Member schools must continue to be diligent in promoting fair play, and that these individuals must be responsible and encouraged to be respectful of our officials.

Our sincerest thanks to all officials throughout the province, they provide an incredible service and should be commended for their dedication and valuable contribution to School Athletics.

Our appreciation is also noted to all the member schools and individuals who took on the responsibility of running events at the Provincial Track & Field Championships. It takes an army of volunteers and officials to ensure the success of such an event.

Congratulations to the 2013 PEISAA official of the year.

PRINCE EDWARD ISLAND SCHOOL ATHLETIC ASSOCIATION
Media Commissioner Report
2012-13

The use of media to promote the activities within the PEISAA I feel, has had its best year ever. The biggest reason for this stems from great support by the sport editors at the Journal Pioneer and the Guardian, Jason Simmonds and Jason Malloy.

The Journal Pioneer on top of reporting nightly results and stories dedicated a full page to school sport every Wednesday. The majority of this was done by their own reporters. As well, the Guardian gave PEISAA stories excellent exposure and used their own staff to include action photos of sport throughout the entire year. Most weeks would see one or two photos of our athletes in action.

This year a player of the week was chosen for Senior Basketball and with the support of Milk Sport and the Summerside Storm these players received complementary tickets to Storm games. This initiative could be expanded for midget sport and other senior sport if the schools express interest at scheduling meetings.

Again, the toughest challenge is in the game reporting process which has substantially improved but there are still too many games not reported on time and then not into media. Some games, particularly in basketball with late starts can not avoid this but midget sport and fall sport should not have difficulty meeting the time lines.

The PEISAA website has had a strong viewing audience and the more information provided, the better the product can be. An example, is the Senior Basketball league used a page that included all game results with scores and standings included up to date daily in a chart throughout the season.

A suggestion : Commissioners make a priority in having the tournament managers or home team hosts for playoff games for each championship send a brief report for all playoff games to the media rep so that a story can be included in the papers the next morning. This needs only a couple lines including key plays, points of interest in the game, turning points, players of the game etc. As well, the website needs to be completed immediately following these games with the scores and scorers. Without this cooperation only the games covered by media staff itself will be reported on time. This is presently a weakness.

Another needed area of improvement is the commissioner's use of the website to provide standings for their leagues on a regular basis, at least weekly, throughout the season. The media commissioner is available to compare results from what is on the website to what the commissioners receive by faxed game reports, in an effort to ensure with a second set of eyes that statistics are correct

Thanks for your support...the best way to promote the PEISAA is to promote what our athletes are doing!!

PEISAA ANNUAL JUNE MEETING

Howard Johnson, Cornwall

June 18th, 2013, 4:30 pm

Meeting Called to Order at 4:38 p.m.

1. Welcome Remarks brought by Chairperson Trevor Bridges.
 - o Introduction of PEISAA Executive and Commissioners
2. Minutes of Executive Meeting – June 2012 meeting circulated - Minutes Approved-
3. Business Arising:
 - a) Golf – individual golfers in midget golf who have qualified are eligible beginning Fall-2012.
 - b) Regional Qualifiers: Track & Field piloted this concept at the High School (Senior) classification, but with a few more changes is likely going to work well. With evolving School dynamics and declining enrollment; this format may be adopted by other sports.
 - c) Triathlon – Offered as an independent ‘pilot’ event for a 2nd year which went well
 - d) Senior Basketball: Piloted a one week earlier finish for the High Schools in 2013. In a review, the Schools felt there was insufficient time following the conclusion of the 1st Semester. Subsequently – there was agreement from AD’s whom felt that we should make a return to the original calendar dates.
4. Reports:
 - a) Chair Report – Given by Trevor Bridges
 - b) Coordinator Report – Given by Rick MacKinnon
 - c) Officials Report – Given by Darryl Boudreau
5. Special Reports:
 - a) Calendar – Rick will get 2013-14 calendar out ASAP. The provincial School calendar has not been released by the Department at this point; therefore, PEISAA is delayed.
6. New Business
 - a) Athletics Canada LTAD model vs. PEISAA Track & Field event schedule. Esther Hovingh circulated a comparison document that illustrates the differences between where we are currently and where we may be going. Adoption of the Athletics Canada LTAD Model?
Discussion on Relays not being part of the LTAD-Model for the respective School classifications.

7. Nomination Report: Trevor Bridges (for Seana Evans-Renaud) Reviewed information regarding the elected and appointed Executive positions.
 - o Election of Officer: Secretary/Treasurer – 1-Year Term: Gerald MacCormack by Acclamation for the 2013-14 school year.

8. **Motion:** The Executive Reports be accepted – **Seconded** – **Carried**

9. Awards Report – Trent Ranahan
 - a) Jason Arsenault – Executive Service Award – CSLF Rep 2004-2012
 - b) Susan Willis – Executive Service Award – High School Principals’ Rep
 - c) Coach of the Year – Brendan Kelly
 - d) Administrator of the Year Award – Trevor Bridges
 - e) Official of the Year Award – Wayne MacDonald
 - f) PEISAA Merit Award – Susan Willis
 - g) Charlie Ballum, Builder Award – Garth Campbell

Meeting adjourned at 5:45 p.m.

FALL SPORT REPORTS

PEISAA Senior Soccer FINAL REPORT 2012-13

Commissioner: (Andrew MacAdam)

1. SPORT PARTICIPATION NUMBERS

Male: 12 teams and approximately 210 players

Female: 13 teams and approximately 230 players

2. GENERAL COMMENTS

The 2012 Fall Soccer Season was a great exhibition of soccer skills and competition. The season went very well. The final standings in both A leagues were quite competitive as tie-breakers were needed to determine several positions in the play-offs. This is a great way to have your league finish as there was a great deal of parity. The AAA leagues were competitive for the most part as the final standings will attest.

Many thanks go out to the assigners, Cory Deagle in the East and Richard Pettipas in the West, they did a terrific job making sure games were covered. Hats of to our officials for getting to the fields in "light hours," we realize how difficult it is to get to the field at our kick-off times. Other thanks go out to Paperflow (Xerox and Sam Jeyes), The Department of Education and Early Childhood, Rick MacKinnon (PEISAA Sport Coordinator), and the many coaches and players who provided many hours of entertaining soccer this fall.

Results were a process that was difficult to keep up with. Athletic Directors need to be checking in with these on a more regular basis. Stats were updated weekly from results I received on the web site this year. Unfortunately, I was being corrected later in the year when play-off games are being set. I can only report or collate what I am given!

3. RECOMMENDATIONS

1. Although there were fewer 4 point games this year, there should still be an effort to have teams in close geographic distances play the 2 games rather than a 4 point game. I believe this would provide more accurate standings at the end of the year.

2. Travel is an issue every year, and with budgets being cut, maybe we could have a few weekend tournaments throughout the season, in addition to some regularly scheduled games to take place of the long drives. For example, teams from the extremities could arrange to play in a central location against each other for two games, saving some travel.

3. This year, our play-offs began on a Monday and we had a game played on the Saturday previous. I think this is pushing the limits of getting teams to their games on Monday. There were a few positions not determined until that Saturday afternoon (which was also the same day as the Prov. Cross Country day so many were at that venue)

4. Better reporting of games, need I say more!

4. GENERAL COMMENTS

Late additions to the A Girls schedule was somewhat problematic resulting in an unbalanced schedule that was unnoticed until after the regular season ended. With little to no time left in our schedule, fitting the games in was not an option. Apologies to those schools affected.

The AA Girls East division had only three teams, which made for a repetitive season for these players and coaches. This should be reviewed for next season.

Our provincial facilities are fantastic, and the quality of play at our provincial finals was impressive. Congratulations on a great season!

5. RECOMMENDATIONS

Communication between schools, official assignor, and the commissioner must be efficient and two-way. Perhaps a reminder of this at the fall scheduling meeting would be beneficial.

4. GENERAL COMMENTS

This year the league was divided up into an A and an AA league. Teams declared at the beginning of the year what division they would play and stayed there for the year. This allowed teams to play other teams at their level of competition. There are always a couple of schools who could go either A or AA. But I believe that all schools were in the right category this year.

Again this year the number of officials affected how the schedule was made up. There is a lack of qualified officials to referee the fall soccer season. It looks like this trend will continue. There needs to be a plan in place to look at how we can get more officials involved and how we can get more officials to stay involved in soccer.

I would like to say thank you to all school administrators, coaches, players and officials. Except for a couple of schools all game sheets were handed in promptly. A big thank you to Richard Pettipas for assigning officials and Rick MacKinnon and the SAA executive for their leadership

5. RECOMMENDATIONS

A) Game reporting

- 1) All schools should continue to follow the reporting guidelines set down by the SAA.
- 2) Each home team is responsible for putting the results online following the game.
- 3) All game sheets to be faxed to the commissioner the next school day.

B) Regular Season

- 1) Continue to have teams declare at the beginning of the season if they are going A/AA.
- 2) Have a balanced schedule with no more than 7 games in the league schedule so there is ample time for practicing and playoffs.
- 3) Continue to be creative in scheduling so schools can keep their transportation budgets as low as possible.

C) Playoffs

- 1) Make sure there is room in the schedule to play all playoff games with the possibility of another year of not enough officials.
- 2) Due to transportation budgets we need to be creative with our playoffs. If two west teams play each other in a medal game we should try to play it as close to the two schools as possible.

4. GENERAL COMMENTS

Welcome to Queen Charlotte to the Junior High School League. With the help of PEISAA Fun Stick equipment, Jana Doucette (coach) and Deana Chaisson (teacher rep), the 2012 Queen Charlotte team had a successful season. The new Shoot-out competition for overtime replaced the penalty stroke competition at both the junior & high school level. January, 2013 Field Hockey Canada will add two new rules for the upcoming summer season. The Universities played these new rules this season. More study is required. Field hockey numbers are growing and there is a need for more coaches. Stephen Goosen offered a Community Coaching course in September. It is hoped to offer another course in January or February in Summerside.

5. RECOMMENDATIONS

1. To continue to increase the number of umpires in Summerside and Montague areas.
2. The 2011 recommendation was to have as many games as possible played on turf fields. Games that are played on turf improves the skill level of each player, and the level of play for teams. Home teams of Tosh, Bluefield, Rural, Gray, SIS, EWS, Stonepark and Queen Charlotte played all their home games on turf in Summerside or Cornwall. However, teams lost home turf during the National Soccer Club Tournament (Oct 2-8th). Also SIS was not scheduled for home games on midget league days of Tuesday or Thursday.
3. To schedule the high school and midget quarter final games so that the team winning would have a school day to practice. Both games were held on Friday, Oct 19th. Semi finals for high school were Monday and midget on Tuesday.

4. Number of playing days: The 2012 high school season had 7 playing days in the month of September and four days in October. (Mon, Wed and Friday) for the following reasons. a) School started later in September, therefore the first game scheduled was Sept 14th.

b) Thanksgiving Weekend. Teams don't play on the Friday of Thanksgiving and Thanksgiving Monday.

c) The National Club Soccer Tournament took a week out of our schedule for turf from Tuesday, Oct 2th to Monday, Oct 8th.

d) Teachers Convention... no games on Thursday or Friday.

Therefore it was very difficult to schedule 20 games for high school league.

Same for the midget games but we have a tournament which helps.

IMPORTANT TO CHECK THE CALENDAR FOR 2013 SEASON. The lack of playing days might mean playing the Championships into November

4. GENERAL COMMENTS

1. The majority of schools were reliable and punctual for reporting match results on-line. Thank you for your co-operation and professionalism.

2. The website continued to facilitate score keeping and scheduling, etc., Great job and congratulations to our web technicians!

3. Compared to previous seasons, where some schools needed to be reminded of the rule

concerning changing and exposing bare skin on the court between warm-up and game time, this was not an issue this season. Thank you to all whom helped reinforce this rule in all of our Island gyms.

4. Thank you to officials for their work this season. A reminder to please help train score keepers and have officials verify and ensure that all information is documented on official score sheets, including date, competition (AA, AAA, women or men), school names, etc. which facilitate the commissioner's job immensely in keeping accurate statistics, especially during the play-offs and provincials. Officials need to make it a priority to complete the entire score sheet before they sign off; ask coaches/ captains/ ADs to quickly go over score sheets and fill in any missing blanks before leaving – thank you for your co-operation!

5. Thank you to our partners: PEI Government – Dept. of Education and Early Childhood Development, PEI School Milk Foundation, Dairy Farmers of Canada, Subway, Comfort Inn – Westmount Hospitality Group, UPEI Athletics (Ron Annear), Holland College Athletics (Albert Roche), ADL, Paperflow-Xerox (Rob MacKenzie), Dominos Pizza (Pete Richard), Source for Sports, Black Knight of Canada, Red Skye IT Solutions, Rudi's Photography, Provincial Host Schools (Colonel Gray – Chris Huggan and Francois-Buote – Joanne Cathcart), and the numerous volunteers etc. without whom, it would be very difficult to provide such a rich sport program to PEI's high school athletes.

6. Thank you to all PEISAA executive members, athletic directors, volunteers, coaches, parents, school staff, bus drivers, student councils, leadership classes, and everyone else involved who so generously devote their time and energy to help and support and enhance our school sports and ultimately the young developing athletes' overall experiences.

7. A special mention to PEISAA's School Athletics Coordinator Rick MacKinnon. All your time, energy and hard work are all very much appreciated. We recognize that your responsibilities are very extensive and most of it is done without any recognition. Congratulations for all that you have accomplished thus far! Rick, you are very much appreciated.

5. RECOMMENDATIONS

More consistent officiating throughout the regular league season which carries into the provincial tournament. Assign the same officials from the regular league games to the provincial games so that teams do not meet a new official at the Provincials. There needs to be more consistent calls from one official to another (ex. When a double-touch is called) within each league.

Offer skills clinics early-on in the season to help the volunteer coaches who may have less technical skills and sport knowledge to teach the athletes. This would also help prevent any injury and the development of poor techniques, which become bad habits that are difficult to break.

4. GENERAL COMMENTS

I would like to thank all coaches and officials. We had another great year and the cooperation and effort from everyone was excellent.

A big thanks to Trevor Bridges and Rob Connell at Summerside for doing an outstanding job in hosting the zone championships.

Thanks to Trevor Bridges and Rob Connell in Summerside for hosting the Provincial AA Girls and Boys Championships.

Thanks to Jeff Hirtle for doing a great job with the officials. There were very few glitches and things went very smooth.

This was great year in reporting results. Most of the results were posted on the website each night once the new website was up-to-date.

Unfortunately we didn't have enough teams to have an A boys or girls league. Hopefully we will have enough teams next year to have two A leagues.

Having qualified lines people for AA provincials is a MUST in assuring that major decisions are not made by junior high students.

Despite what Volleyball Canada proposes, I believe the PEISAA should stay the course with the libero being allowed at all levels and the 12-sub rule being also used at all levels. The over-hand

contact on serve reception should be revisited.

There is a major concern with the dwindling of the number of volleyball teams across the province. I think soon after the volleyball season, a meeting with key volleyball people across the province to look seriously at this problem. We cannot wait until next September to attempt to address this problem. It must take place before Xmas.

4. General Comments

The Pre Novice - Midget Cross Country season ended with the 2012 Source for Sports Provincial Cross Country Championship at Mill River Provincial Park on Saturday, October 20th. The

championship was hosted by the Westisle Family of Schools. The weather was a bit wet but conditions were still good for running. A total of 701 runners ran the 4 competitive courses. This was a decrease of 22 runners from last year's participation numbers. We had an increase of 19 runners from Pre Novice to Novice categories and a decrease of 46 runners from Bantam to Midget categories. The Juvenile /Senior Championships were held at Charlottetown Rural High School on Thursday, October 18th. The meet managers were Mike Lloyd and Esther Hovingh. A total of 170 runners ran the 2 competitive courses in great weather. This total was also an increase of 6 runners from last year's total.

The overall PEISAA Provincial Championship participation was 871 runners. This was a decrease of 16 runners.

The Mill River course was very spectator friendly. The last 1 km in many races could be seen by coaches and parents. This was greatly appreciated by coaches and spectators. The schedule had the Midget and Bantam categories compete first in the morning and the Novice and Pre Novice categories competed in the afternoon. All started on time and finished on time.

The awards were presented after each race. I would like to say thank you to Rick MacKinnon and Cletus Dunn for helping with the presentation of awards.

The pre-competition media coverage was great this year. The post event coverage was also good. Both the Journal and the Guardian had great articles with all the results.

The Westisle Family of Schools were the host of the Pre- Novice to Midget Championships while the Rural High School was the host of the Juvenile to Senior event.

Congratulations to Kelly Gorill, Blair O'Halloran, Mike Lloyd and Hesther Hovingh for their help, along with their Leadership students. The success of our championship is directly related to the responsible work done by these students and their teachers. Thank you so much.

At the Mill River Park site we made an extra effort to make visible the "Source for Sports Logo". Banners were placed at different spots on the course.

The Juvenile and Senior Championship was also a great success. Meet manager Mike Lloyd was very pleased with the races and the quality of the 3.5 km and 4.0 km courses. Great day.

The success of both competitions wouldn't be possible without the help of so many teachers.

Thank you to all the schools and coaches that make a real effort in sending us accurate registration numbers. Thanks to Trent Ranahan, Kelly Steele and Andrew MacAdam for making sure all Zone managers received the proper Provincial information. There was very little change and all unit results were clear. I would also like to say thank you to all the unit managers and volunteers for their efforts and commitment for making our SAA Provincial a great success.

Special thanks for the PEI School Milk Foundation for their continued support and for providing chocolate milk for all the competitors, Dwayne MacNeill of Source for Sports for his involvement in our cross country event, and Derek Dymont from Parks PEI and staff from for their help during this event.

5. Recommendations for improving the sport:

1. That we keep the Senior and Juvenile categories at Charlottetown Rural next year.
2. That we keep the Zone championships and not be replaced by Regional meets.
3. That we don't limit the number of runners in the Juvenile and Senior categories.

4. GENERAL COMMENTS

The 2012-13 Senior High golf season experienced high participation numbers again this year, 88 high school student athletes were involved in the qualifying tournaments with 60 moving on to the Provincials hosted at Brudenell River. Qualifying tournaments were held at Avondale, Summerside, Mill River, Brudenell and Fox Meadow.

The championship qualification format used in 2008-09, with the addition of individual athletes based on their competitive qualifying scores, was used this year. As a result, 53 men and 7 women were involved in the championship. The tournament was hosted at the well prepared but very damp Brudenell River Golf Course and the facility was again provided free of charge. Anne Choinard and her staff must be thanked for the terrific work they did to help facilitate the championship. The athletes and coaches were treated exceptionally with all staff going out of their way to make the group feel at home.

Wayne Denman continues to be the driving force behind golf's popularity in Province's High Schools. His organizational skills and willingness to put his time into the sport is certainly appreciated and respected by the coaches and athletes, thanks Wayne.

Thanks to all the coaches for the time they put into this year's golf season as well as Rick Mackinnon at the PEISAA office. Thanks to Paul Murnaghan and the Holland College golf administration program for helping to facilitate the senior golf championship. Their involvement has significantly increased the PEISAA's ability to host a great tournament for the students.

Recommendations for next year:

1. Maintain the administration of the tournaments with the golf commissioners providing support as needed.
2. Maintain the championship qualification format and if numbers warrant it, increase the female qualifications to 2 tournaments.
3. Issue the qualification tournament schedule in June, giving schools lots of notice in planning for the following year.

4. Continue to encourage the Holland College 1st year golf administration class to help facilitate the championship
5. All qualifying tournaments must to be played on Tuesday, Thursdays and Saturdays.

4. GENERAL COMMENTS

The 2012-13 Midget golf season experienced a significant change with the move to a fall season. Coaches felt that their athletes were much better prepared for the season after playing all summer. The qualifying scores and Provincial Championship results would appear to lead to that conclusion as well. Participation numbers were down this year, hopefully only a result of the short preparation time for schools. Next year will give a better representation of the effect of the change of seasons. 78 boys and 8 girls were involved in the qualifying tournaments with 34 moving on to the Provincials hosted at Avondale Golf Club. A minimum of two, 9 hole qualifying tournaments were held in each of the competing sport zones..

The championship qualification format used in 2010-11 was used again this year with the addition of allowing individual competitors to qualify. This resulted in 28 boys and 6 girls being involved in the championship. The championship was hosted at Avondale Golf Club with a very reasonable green fee of \$18 being charged for the boy's 18 hole championship and \$10 for the girl's 9 hole championship. Avondale's Director of Golf, Scott Larsen and his staff must be thanked for the terrific work they did to help facilitate the championship.

Thanks to all the coaches for the time they put into this year's golf season, they continue to try and promote the inclusion of girls in their program with mixed results. There was only 1 team of girls this year plus 3 individual entries, a decrease over last year, hopefully the numbers will trend up next year.

Thanks to Rick MacKinnon for all the advice and administrative help.

5. Recommendations:

1. Emphasize the importance of administrating the qualifying tournaments through the office of the zone representatives.

2. Maintain the championship qualification format, the addition of individual participants qualifying for the Provincial Championship allowed a few extra competitors to attend the Provincials even though their school did not qualify or field a full team.
3. With midget schools moving the golf season to the fall, it is important that the qualifying tournaments be scheduled in the spring to insure the fall qualification tournament schedule is completed in time for the Provincial Championships.

4. GENERAL COMMENTS:

This year twenty-eight teams, representing ten high schools, afforded the opportunity to about three hundred and forty student-athletes to hit the hardwood and play basketball in league play, and then play-offs, leading to six championships overseen by the PEISAA.

Once again the athletic directors determined that an open schedule was the best way to ensure the greatest number of competitive games, while still allowing teams to attain the appropriate level for play-off action.

It was decided by the athletic directors that the fourteen teams in each of the boys and girls competition would be regularly seeded during and at the end of the season. The final seeding would determine which of the teams would qualify for the play-offs and in which division each would compete.

Teams ranked from first to fourth would play for the AAA banner and bar, fifth through eighth for the AA and ninth through twelfth for the A championship.

The thirteenth and fourteenth ranked teams in boys and girls competition would not appear in the play-offs.

There were difficulties at play-off time, when UPEI decided to schedule a beer garden in conjunction with the hockey play-offs for the AUS. This event clashed with the PEISAA alcohol-free policies for play-off events as we had booked the facility for our play-offs.

Holland College came to the rescue and provided us with a first class alternative facility and gave us the utmost in cooperation. Thanks go out to our friends at HC.

Otherwise the play-offs came off without any obvious hiccoughs. The A championships were hosted by Charlottetown Rural and Esther Hovingh managed the event flawlessly. The AA's were shifted to Holland College and it proved to be a marvelous play-off venue. Thanks again to Albert Roche and his team of volunteers. With some schedule juggling the AAA's went ahead at UPEI. Sadly for the last time the SAA gets to thank Janice Robertson for her cooperation at Provincial Championship time. It is difficult to remember back to a time when Janice wasn't there helping the championships to happen with words of encouragement and a smile on her face. We will miss her.

Thanks go to Three Oaks as well for hosting the all star games. A new format was tested this year with the championship teams playing the all stars from the rest of the league. The all stars won two games and the champions the other two. The mixed results lead me to conclude that this might be a format to endorse for at least one more year.

Thanks go out to all those in helped in a variety of volunteer ways to contribute to the successful season. Coaches deserve a great deal of thanks for the hundreds of hours each one put in over the long season. Thanks to the parents for their support of school sport. Thanks to the referees who get paid, but who contribute in such a large way in a sometimes thankless position.

On a personal note, thanks to Brett Wood, Walter MacEwen and Rick MacKinnon, each of who worked hard from the start of the season in November to the end in March to make high school basketball remain the great game it is.

5. Recommendations

1. Try the new all star game format for at least one more year.
2. Continue with, and try to improve on the game score information section, which Walter managed so well this year. I would like to have that section instantly accessible if we can.
3. Investigate how likely the new FIBA floor markings are to remain unchanged. We could then phase in new markings over a period of time.
4. Recommend that the FIBA ball[Molten] remain as our official school ball for play-offs and championships, so long as Basketball PEI continues to use it for their teams.
5. Athletic directors keep in mind that scheduling of games can affect seedings. If schools schedule too light a schedule in terms of competition, or too heavy a schedule, then sometimes the seeding committee may be forced to seed appropriately.

4.General Comments:

Overall, I thought the midget basketball season ran very smoothly. Game reports, for the most part, were faxed in on time and results were accurate. Any games cancelled were re-scheduled right away. The leagues seemed very competitive with the exception of the “AA” Girls league. There were one sided games with two teams dominating the standings. This was frustrating for the teams on both ends.

5.Recommendations:

1. Stay with the man-to- man defense but prior to the start of the basketball season, have a clinic for coaches and referees responsible for the midget games to demonstrate what is legal in a man-to-man and what is considered zone.
2. I would like to see regular season league all-stars added to the midget age athletics in a similar way that the high school system does it. The coaches from the east division could meet and vote to make up the east all-star team and the west could do the same. There could be a game between the two teams if there is interest in that, but it is not necessary. I do think that the players that excel throughout the

regular season are acknowledge as there is a lot of time and effort put in by all the players. **(fwd. by Trent Whitty/Stonepark).**

3. The games are currently 32 minutes long. I feel that if the games were extended to 40 minutes, players would have more time to use the skills that are developed in practice. By extending the game by 8 minutes, there would be more possessions in the game allowing for greater development to occur. The other factor that makes this a compelling rule change is that teams would have to go a little deeper into their bench, giving more time for those bench players to get in-game experience. Having 12-14 players on a team, I find it difficult to find time for everyone in many of the games. If the quarters were extended to 10 minutes, I would find it a lot easier to get everyone into the game. **(fwd. by Trent Whitty/Stonepark)**

4. Right now, in the “AA” league, teams play 12 games each. This is 4 games against each team. If we move to the high school model where teams make up their schedule including 1 or 2 point games and rank the teams at the end of the season for “A” or “AA” status, teams will not have to face the same teams and the same results for an entire season.

4. GENERAL COMMENTS

This year the midget east and west basketball leagues implemented a no zone rule. This included a no zone press rule. It was a great step forward in midget basketball. It will help to teach players to play proper defense instead of how to guard a spot on the floor. This is still some education to be taught to players and coaches but this was a good starting step in the process.

5. RECOMMENDATIONS FOR IMPROVING SPORT

1. Continue with the no zone rule for regular season and playoffs.
2. Have provincials on a different weekend than the high school playoffs.
3. Have a mandatory session for coaches to prepare them for man to man defense.

obesity, diabetes and utter apathy. This has been and will continue to be the ultimate focus of the Powerlifting program; to engage the disillusioned and provide the guidance necessary to make the impossible possible. Parents, teachers and principals have seen the positive effects this is having with the youth we are working with. Now we need our athletic directors to embrace it, understand it and implement it. With every success story we have in our program it brings us one step closer to our goal of all students striving towards and ultimately achieving a healthier and more rewarding lifestyle.

4. General Comments

The 2013 school gymnastics season ended on Saturday, February 16th with the PEI School Athletic Association Provincial Gymnastics Championship at Kensington Intermediate Senior High School. The championship was hosted by St. Louis Elementary School.

Provincial team titles: West Kent Elementary- Pre Novice Boys, St. Louis Elementary - Pre Novice Girls, West Kent Elementary - Novice Girls, West Royalty Elementary - Novice Boys. Montague Intermediate - Bantam boy's and girl's team titles, Montague Intermediate- Midget Girls. The top five scores on each event were used to calculate the team standing. Individual awards were also given to the top six vault /floor routines and top ten all around.

A total of 317 gymnasts participated at this year's event. This was an increase of 28 gymnasts from last year's total.

On Saturday morning the competition started and finished on time. A total of 142 gymnasts participated with 90 Pre Novice Girls and 52 Pre Novice Boys. Increase of 4

On Saturday afternoon, another big crowd watched 129 gymnasts perform in the Novice Boys, Novice Girls categories, 53 Novice Boys and 76 Novice Girls. Increase of 6.

The late afternoon we had a total of 46 gymnasts participate in Bantam Boys and Girls, Midget Boys and Girls categories, 9 Bantam Boys, 26 Bantam Girls, 1 Midget Boy and 10 Midget Girls. All information and results were posted in the three local papers and two radio stations. The media coverage before and after was very good. All results were circulated the next day to all the media's, schools and on our SAA web. site within days of our championship.

We had a total of 24 different schools from across PEI participate with a total of 317 gymnasts, an increase of 28 gymnasts.

We also had one new school, John J. Sark Memorial and the return of the Bloomfield Elementary School.

The weather finally cooperated with us and traveling was great.

We had a total of 450 paid spectators; this also was an increase of 45 spectators.

Our computer program, which calculated the results, came through for us again. Within minutes of the end of both competitions, the results were handed out.

I would like to say a special thank you to Rick MacKinnon for helping me leading up and during the championship.

I would also like to thank Marybeth Rogers and her administration for all their help and continuous support. Thank you for allowing us to use your fine facility to host our Provincial Championship. It is very much appreciated.

We can't forget PEI School milk Foundation for their continuous support and of course for the free chocolate milk for all the competitors.

Thank you to all the Unit managers for hosting their own zone competitions and sending me all the results on time. A special thank you to all the Phys.Ed. teachers for getting your athletes ready to compete. Great job! It's always a pleasure to work with such dedicated professionals.

5. Recommendations for improving the sport:

That we review the technical package and have it ready for next year.

4. GENERAL COMMENTS

The 2013 P.E.I.S.A.A. Wrestling Championships were held on Friday evening for the Bantam and Midget divisions and on Saturday for the Novice competitors. The site was the new Montague Regional High School. The venue saw 3 mat surfaces in the gymnasium. This format was used both Friday evening and Saturday. On Friday evening there were 89 Bantam, Midget & Senior competitors. 113 athletes qualified for the Provincial Championships. On Saturday with the Novice divisions 3 mats were used for 176 competitors. 195 athletes qualified for the Provincial Competition.

The format for wrestling was changed for the Saturday session. The Novice competition was divided into a morning and afternoon division with low weight classes wrestling from 9am to 12:30pm and the higher weight classes wrestling from 1pm to completion (approximately 4pm). This format received a lot of positive feedback and can be used with the mat to wrestler ratio that we had in the Novice divisions.

The on mat official situation saw 4 officials being used each session. All officials were Nationally ranked, with the exception of one aspirant used on Saturday. One new National “A” official is prepared to become the new head official for Wrestling PEI and will provide feedback from that perspective for this event.

The numbers of wrestlers at the upper level continues to be an area for improvement and some initial steps to improve this area are noted in the recommendations.

The weigh-in system should be reviewed to ensure a fair and consistent process. The issues here are that the weigh-in cannot be on the day of the tournament, due to the numbers of draws necessary. It took approximately 16-18 man hours to prepare the draw for the two days. This does not include the time during the tournament. This means that a weigh-in format must be completed before the competition. This could be done if all athletes were weighed consistently prior to or during zone tournaments. This format seemed to run smoothly this year, but could use feedback.

Overall this was a very successful event. The total number of 265 competitors continues to show growth in the sport. The challenge is to continue to develop the sport into the Intermediate and to a greater degree and then into the high schools. The team results are listed on page 2 of this report

5. RECOMMENDATIONS

1. If there is only one athlete registered in a weight class for the PEISAA Championships the athlete will receive a medal, but no team points. Athlete is not required to come to the competition.
2. If there are two or more athletes who are registered in a weight class and an athlete comes to the PEISAA Championships prepared to fight and due to one or more no shows is not required to fight, the athlete will receive a medal and full team points.
3. All Senior athletes will be eligible to compete at the PEISAA Championships.
4. In the Midget category, the top four athletes at Zone competitions qualify for the PEISAA Championships.
5. Review Bantam female weight categories to align with current weights of students at that level
6. That Midget weight classes follow the Cadet classes as outlined by C.A.W.A
Male Midget: 42, 46, 50, 54, 58, 63, 66, 69, 72, 76, 80, 85, 92, 100, 115, 130 kg
Female Midget: 38, 40, 43, 46, 49, 52, 56, 60, 65, 70, 75, 82 kg
7. That the senior weight classes follow the Junior class weights as outlined by C.A.W.A.
Male Senior: 46-50, 55, 60, 66, 74, 84, 96, 96-120 kg
Female Senior: 40-44, 48, 51, 55, 59, 63, 67, 72, 72-82 kg
8. Review definition of team so there is a minimum number to constitute team for team Championships.
9. Review Long Term Development Plan in conjunction with Wrestling PEI to review the participation of grade 3 & 4 (pre-novice) wrestlers.
10. Review with Head Official current ruling for throwing at all levels. Have updated rules distributed to schools by December 2013.
11. Review rules at all levels as a result of significant changes at the International level. Have updated rules distributed to schools by December 2013.

4. GENERAL COMMENTS

The PEISAA/Black Knight provincial badminton championships were held on Thursday April 25 and Saturday April 27, at 5 Summerside and area locations.

Championship titles in novice, bantam, midget, juvenile and senior boys and girls' categories were all up for grabs in singles, doubles and mixed play. Most of our Island schools were represented in zone playoffs, with the top two from the four zones advancing to the provincials.

Jesse Cameron from Three Oaks was victorious in senior boy's singles defeating Joel Arsenault from Evangeline 21-18, 24-26 and 21-15 to win the provincial title. Nick Trainor of Rural defeated Alex Cyr of Evangeline 12-21, 21-17 and 21-19 to claim the senior boys bronze medal. In doubles action Luke MacKinnon and Riley Cameron from TOSH defeated Jesse Cameron and Colin Loerick of TOSH 23-21, 16-21 and 21-17 to win the title. The bronze medal was won by Evangeline with Jason Gallant and Joel Arsenault defeating Michael Clory and Heletha Hewagama of Gray 21-16 and 22-20. With a first and second in doubles and a first in singles TOSH won the provincial title with 13 points.

In girls' action, Ryan Jinks of Rural defeated Marcie McRae of Westisle 21-15 and 21-18 to win the senior girls provincial singles championship. Megan Llewellyn from Bluefield defeated Jessica Gillis of Three Oaks 21-15 and 21-16 to claim the bronze medal in singles. Megan Llewellyn and Amy Dawson defeated Briar Roberts and Hillary MacLeod from Kinkora 21-9 and 21-14 to win the senior girls doubles championship. Ryann Jinks and Emily Cairns of Rural defeated Kelly Curley and Jessica Gillis 21-16 and 21-18 to claim the bronze. There was a tie for the provincial championship between Bluefield and Rural. Both schools had a first in singles and a third in doubles to earn 7 points.

Senior Mixed Doubles champions this year were Erica Gillis and Luke MacKinnon from Three Oaks. They defeated Marcie McRae and Creed Coughlin from Westisle 21-16 and 21-17. Keira Coady and Peter Doiron from Bluefield defeated Shania Ellsworth and Kent Doucette from Westisle 19-21, 21-18 and 21-18 to win the bronze medal. Three Oaks wins the senior mixed provincial title with 5 points.

5. RECOMMENDATIONS FOR IMPROVING SPORT

Having the championships in the Summerside schools worked very well this year. Using 5 schools on Thursday night was challenging but worked. It can work again next year. Saturday went very smooth at all three locations. Having the championship on Thursday and Saturday worked very well. It gave the athletes a chance to rest before the finals. We should look at doing this again this year.

Having players report scores if they were going to a third game on the Thursday night; worked very well. This way the first two game scores were accurate and if they have to go to a tie breaker, correct scores were used. It should be used in future zones and provincials.

4. GENERAL COMMENTS:

The 2013 school softball season, as has been the norm the last few years suffered through some very inconsistent weather. School Athletic Directors and coach are to be commended for the proactive approach they took in rescheduling games. The Provincial Championships, held in O'Leary, were not as competitive as we had hoped with the Col Gray boys putting all together in the final week to totally overwhelm their opposition. Rural girls put up a great fight against a very good Westisle team in the end could not hold on.

There were 10 women's teams and 9 men's team competing in east and west divisions. Cross over quarter finals helped to insure that the best teams went to the finals in O'Leary. Thanks to Jeff Ellsworth for facilitating the provincial championships, it was a very well run that was and played on very well prepared fields. This year and mark the first time in many years that the championship was not held in Summerside, Jeff proved that moving the tournament around the province is a viable option, hopefully someone in the East will step up and take this on next year.. Also thanks to Rick MacKinnon for his administrative and organizational help. My only complaint is the same one we hear from most commissioners, some schools are very poor at reporting their scores throughout the schedule. This creates delays in planning for the quarter-finals and causing schools to have to scramble to make travel arrangements.

5. RECOMMENDATIONS

1. The 2 division concept reduced travel and provided competitive games for all teams, and with the cross over quarter finals in place the best teams advanced to the Provincials, I would recommend that this format be retained for next year.

2. The reporting of results was spotty at best, the addition of an online version of the report has improved the system. I would recommend that this system be retained and be the only method of reporting scores

4. GENERAL COMMENTS:

The 2013 school softball season was again effected by the weather. School Athletic Directors and coaches are to be commended for the proactive approach they took in rescheduling games and the patience they showed waiting for a decision on the Provincial Championships. Luckily, Championship day was a great day for ball.

The Provincial Championships, held in Summerside and Slemon Park, were not as competitive as hoped but did show that softball, in schools with good pitching, is still a viable sport. There were 13 women's teams and 13 men's team competing in east and west divisions, with the west also playing in an orthodox A division.

The championship games proved to be very competitive with the teams in the final games displaying great skills.

Thanks to Rob Connell for helping to facilitate the championships and to Rick MacKinnon for his administrative and organizational help. Also, thanks to CJ Studer for the great he has done to make the A League a success. This group will have a Provincial Championship next year.

5. RECOMMENDATIONS

1. The reporting of results was spotty at best, allowing results to be sent to the Commissioner on line certainly helped with those schools that used it. I would recommend the email report to the Commissioner be used in place of faxed reports.

2. The A league did not have a Provincial championship schedule in place, I would recommend that the Midget A Provincial championship be added to next year's schedule.

3. GENERAL COMMENTS

This rugby season successful yet again. Players from all across the island compete in 3 divisions in men and women's championships. This season would not have been possible without countless hours of hard work by players, most notably, as well as coaches, referees and Athletic Directors. Special thanks to Darryl Boudreau for his continued work as Referee Assignor, and to Rick MacKinnon as School Sport Coordinator. Additional credit should also be directed to Joel Arsenault, Alex Field and Charla Currie for their contribution as championship site managers. Without the work of the people mentioned above and the dozens who are not, it would not be possible to have high school rugby on PEI.

As is the case with every season, the progression from the first games to the playoffs in A rugby is remarkable. They begin the season as athletes frantically trying to score and stop the other team from scoring with little knowledge of the game. Then, every season, the teams are running set plays and reading their opposition. I also feel that the A division, with 8 players on the field per team, allows the student athletes to adjust to playing a contact sport. Playing with fewer players on the field helps in teaching safety, as well as sportsmanship in a sport as highly competitive as rugby. In both men and women's championships, the season came down to finals decided by a single try with Colonel Gray winning in women's and Charlottetown Rural in men's.

In the AA and AAA divisions, the high level of play and relative parity of teams was very good to see. The AA women's final was between Westisle and Montague, who both had close games with the AAA teams during the regular season. Montague came out on top in an exciting final that needed overtime. In the AA men's final, Souris was able to beat Colonel Gray in a game that was not decided until the final whistle. In the AAA women's division, all 4 teams were closely matched through the regular season, which made for exciting playoffs. This all came together with a final between Charlottetown Rural and Three Oaks, with Charlottetown Rural winning in an overtime thriller. The AAA men's division was also tightly matched, with Three Oaks proving to be the best of the four teams in the regular season and in playoffs with a decisive, yet exciting win in the final over Bluefield.

This season was the first in which coaches and ADs were given the option of scanning and emailing pdfs of game sheets instead of by fax. I felt that this would give some coaches the opportunity to send game sheets in from home if they did not have access to a fax machine. This was the preferred method for sending in game sheets, however I only received about 75 percent of them. On a positive note, the reporting of games to the website was the best it has been in my three years as commissioner. I was very pleased overall in that I was able to complete standings when I wanted to without having to contact ADs repeatedly for results.

I was glad that both AA championships could be played this year. This led to more closely contested playoff games, which encourages students to continue playing rugby.

Apart from a few minor hiccups, this rugby season went quite smoothly. Thank you to all coaches and athletic directors for reporting scores on time, and making my job significantly easier.

4. RECOMMENDATIONS

1. We must continue to emphasize the importance of coaches and ADs reporting scores and sending in game sheets.
2. It must also be emphasized that referees report ALL cards, red and yellow, so that the guidelines regarding foul play can be monitored. As well, player sent off reports must be completed and sent to Rick and me immediately following the game to allow enough time for the decision to be made for length of suspension.
3. In regards to player suspensions, any time more than the minimum suspension is a possibility; we must develop a protocol to ensure that the punishment is appropriate.
4. I would like to suggest we hold a guidelines, key rules and question session before the beginning of the season for coaches and referees to attend. My suggestion would be that this would be held by myself and Darryl and we would go over key safety points, any rule changes, and areas that have caused confusion in recent years. I would ask that all coaches and referees attend, but at least 1 representative from each school be required to attend this session.

4. General Comments

2013 was a very good year for flag football. We saw growth gain this year thanks to the return of boys and girls teams from East Wiltshire and Francois Buote, as well as new boys and girls teams from Montague. Birchwood also played flag football for the first time with 2 boys teams participating. Summerside continues to be the hotbed in the West.

Summerside Intermediate Boys continue their dominance as they have won 4 titles in a row. Stonepark Girls won their first ever title in the girls division this year. Special mention to Montague Storm who won silver in both boys and girls flag football in their first ever season. We continue to work at recruiting good officials. We had better numbers for officials in the East. We have some trained officials in the West but it would be helpful to get a few more. Players from college and university programs provided a boost helping with coaching and officiating this past year.

The level of play continues to improve each year. The coaching has really been impressive and all teams showed good sportsmanship throughout the year.

Thank you to Rick at the PEISAA as well as all of the coaches for their dedication in keeping the sport going.

5. Recommendations for Improvement

a) We could use some more schools in the West region. We will continue to try to promote the game in that area.
